

HELP FIGHT PRESIDENT TRUMP'S DANGEROUS ENVIRONMENTAL ASSAULT

Dear President Trump,

I'm outraged that you have already taken key actions as President that will devastate our environment, set us back decades in the fight against climate change, threaten our national security and deprive millions of American workers of jobs in the new, booming clean energy economy.

I CALL ON YOU TO REVERSE COURSE AND CANCEL PLANS TO:

- Dismantle the U.S. Environmental Protection Agency by slashing its budget and staff
- Dramatically expand fossil fuel production by fast-tracking the dirty and dangerous Keystone XL and Dakota Access pipelines
- Roll back even our most basic environmental protections that protect clean air, clean water, wildlife and wildlands
- Pull the U.S. out of the Paris Climate Agreement

Your anti-environment agenda will face a growing movement of people like us who refuse to leave future generations to pay the price for this disregard for our air, water, climate and health. Please reverse course immediately.
