9 Attorneys for Plaintiff
California Department of Water Resources

11 SUPERIOR COURT OF THE STATE OF CALIFORNIA
12 COUNTY OF SACRAMENTO

14 CALIFORNIA DEPARTMENT OF WATER
RESOURCES,

15 Plaintiff,

16 v.

17 ALL PERSONS INTERESTED IN THE
18 MATTER of the Authorization of Delta
Program Revenue Bonds, the Issuance, Sale
19 and Delivery of Delta Program Revenue Bonds
Series A, Series B and Subsequent Series, the
20 Adoption of the Delta Program Revenue Bond
General Bond Resolution and the Supplemental
21 Resolutions Providing for the Issuance of Delta
Program Revenue Bonds, and the Proceedings
22 Related Thereto,

23 Defendants.

Case No.

UNLIMITED JURISDICTION

COMPLAINT FOR VALIDATION
(Cal. Civ. Proc. Code §§ 860-870.5)

CALENDAR PREFERENCE per
California Civil Procedure Code § 867

EXEMPT from filing fees per Govt.
Code § 6103.

27 ///

28 ///

1 Program (hereinafter, “Delta Program Planning Costs”); and (2) to confirm that the Department
2 has the statutory authority to issue revenue bonds to provide funds to pay and/or reimburse
3 other Delta Program capital costs, including the costs of the acquisition and construction of
4 such conveyance facilities if and when such facilities are approved (hereinafter, “Delta Program
5 Construction Costs,” and together with Delta Program Planning Costs, “Delta Program Capital
6 Costs”).

7 6. As alleged in detail herein, the Department has the authority under
8 applicable law to authorize and issue revenue bonds to finance both Delta Program Planning
9 Costs and, if and when appropriate following satisfaction of legal and regulatory requirements
10 applicable to implementation of the proposed conveyance facility and not at issue here, Delta
11 Program Construction Costs. Accordingly, a validation judgment confirming that authority is
12 warranted.

13 **The Parties**

14 7. The Department is and was at all times mentioned herein a department of
15 the California Natural Resources Agency existing and operating under the constitution and the
16 laws of the State. The Department is authorized to bring this action under the Validation
17 Statute and Government Code Section 17700.

18 8. The Department has its principal place of business in the County of
19 Sacramento, California.

20 9. Defendants are all persons interested in the validity of the Delta Program
21 Revenue Bonds, including the Delta Program Revenue Bonds, Series A, Series B and
22 subsequent Series to be issued pursuant to and in accordance with the authorizing resolutions
23 (“Series”), the Delta Program Revenue Bond General Bond Resolution (the “Resolution”), the
24 first supplement thereto (the “First Supplemental Resolution”), and the second supplement
25 thereto (the “Second Supplemental Resolution”) (each, a “Supplemental Resolution,” and
26 together with the Resolution, the “Resolutions”), all adopted by the Department to authorize the
27 issuance of Delta Program Revenue Bonds.

28 ///

1 CVP Act authorizes the Department to issue revenue bonds to pay for a broad range of such
2 activities, including surveys and the preparation of plans and specifications, construction,
3 reconstruction, and repair of the project, and all other costs and expenses prior to and during
4 construction.

5 17. The existing Project transports water from Lake Oroville and the
6 Sacramento-San Joaquin Delta (the “Delta”)¹ to delivery points in Northern California, the
7 North Bay, the South Bay, the Santa Barbara-San Luis Obispo area, the Central Valley and
8 Southern California. From Lake Oroville to the Delta, Project water is conveyed predominately
9 via natural channels of the Feather and Sacramento Rivers.

10 18. Currently, Project water is conveyed across the Delta through the
11 channels of the river delta formed by the confluence of the Sacramento and San Joaquin Rivers,
12 as those channels have been modified over 150 years by the construction of levees, ship and
13 other canals, flood protection facilities, salinity gates, and other facilities.

14 19. From the Harvey O. Banks Pumping Plant at the southern edge of the
15 Delta to points further south, Project water is conveyed by the Project aqueduct system, which
16 includes a number of additional pumping plants, siphons, pipelines and tunnels.

17 **The Delta Program**

18 20. In enacting the Sacramento-San Joaquin Delta Reform Act of 2009, the
19 Legislature declared that the Delta was “the hub of the California water system and the most
20 valuable estuary and wetland ecosystem on the West Coast.” Cal. Water Code § 85002.

21 21. The stated legislative intention behind this landmark legislation was “to
22 provide for the sustainable management of the Sacramento-San Joaquin Delta ecosystem, to
23 provide for a more reliable water supply for the state, to protect and enhance the quality of
24 water supply from the Delta, and to establish a governance structure that will direct efforts
25 across state agencies to develop a legally enforceable Delta Plan.” *Id.*, § 85001(c) (italics
26 added).

27
28 ¹ The term “Delta” is defined in California Water Code Section 12220 as a specific geographic area.

1 22. The Legislature further found and declared that “[t]he economies of
2 major regions of the state depend on the ability to use water within the Delta watershed or to
3 import water from the Delta watershed. More than two-thirds of the residents of the state and
4 more than two million acres of highly productive farmland receive water exported from the
5 Delta watershed.” *Id.*, § 85004(a). “Providing a more reliable water supply for the state involves
6 implementation of water use efficiency and conservation projects, wastewater reclamation
7 projects, desalination, and new and improved infrastructure, including water storage and Delta
8 conveyance facilities.” *Id.*, § 85004(b) [italics added].

9 23. Consistent with these broad policies, the Legislature adopted as a specific
10 policy objective to “[i]mprove the water conveyance system[.]” *Id.*, § 85020(f).

11 24. In recent years, the Department has undertaken to develop a
12 comprehensive plan for the effective delivery of Project water across the Delta, consistent with
13 this statutory framework.

14 25. After taking office in January 2019, Governor Gavin Newsom directed
15 the responsible state agencies to assess and carry forward planning to modernize conveyance
16 through the Delta with a proposed new single tunnel conveyance facility.

17 26. On January 15, 2020, the Department issued its Notice of Preparation
18 initiating the environmental review process under CEQA for a proposed Delta conveyance
19 facility. As used herein, Delta Program means the environmental review, planning,
20 engineering, design, and, if and when the Department determines to be appropriate, acquisition,
21 construction, operation and maintenance of facilities for the conveyance of water in, about and
22 through the Sacramento-San Joaquin Delta, subject to such further specification thereof as the
23 Department in its discretion may adopt. Delta Program facilities may include, but are not
24 limited to, water diversion intake structures located on the Sacramento River and a tunnel to
25 convey water to Banks Pumping Plant. Under CEQA, environmental review requires the
26 consideration of proposed project alternatives, including a no-project alternative. CEQA
27 Guidelines § 15126.6 (requirement to address alternatives in environmental impact reports).

28 ///

1 27. Separately, the Department has authorized a revenue bond financing
2 mechanism to fund Delta Program Planning Costs and Delta Program Construction Costs, as
3 alleged in more detail below. The Department brought this validation action to confirm the
4 Department's legal authority to issue revenue bonds to finance the cost and expense of planning
5 and, if and when appropriate following satisfaction of applicable statutory and regulatory
6 conditions not at issue here (e.g., environmental review under CEQA), acquisition and
7 construction of the proposed Delta water conveyance facility.

8 28. The design and physical characteristics of any such Delta conveyance
9 facilities are not yet determined, nor has the Department approved a project for implementation.
10 Rather, potential Delta conveyance facilities and alternatives, including a no-project alternative,
11 are the focus of the planning phase, including environmental review, that is to be funded by the
12 first stage of the revenue bond financing the Department has authorized. In turn, if Delta
13 conveyance facilities are ultimately approved by the Department and the Department has met
14 all applicable statutory and regulatory conditions (including CEQA compliance), the acquisition
15 and construction of those facilities would be funded by later stages of the revenue bond
16 financing the Department has authorized. As described below, the authorizing resolutions
17 require that the Department satisfy the applicable conditions before any series of Delta Program
18 Revenue Bonds can be issued to pay for acquisition and construction activities.

19 29. The CVP Act authorizes the Department to issue revenue bonds to
20 finance Delta Program Planning Costs and, if and when appropriate, Delta Program
21 Construction Costs in the manner provided by the resolutions the Department adopted. The
22 legal validity of this revenue bond financing mechanism for the Delta Program is the sole
23 subject of this validation action.

24 30. The future compliance of any undefined, unapproved and hypothetical
25 Delta conveyance facility with any applicable regulatory or statutory requirements other than
26 the requirements of California Water Code Section 11260 as described below, is not at issue in
27 and is not relevant to the determination of the legal validity of the Delta Program revenue bond
28 financing mechanism the Department has authorized and seeks to validate in this action. This

1 action does not seek to adjudicate, and will not be binding with respect to, legal challenges
2 based on the adequacy or implementation of the review, planning, engineering, design, or
3 acquisition and construction of any Delta water conveyance facility, including any CEQA
4 litigation over a future environmental impact report. Nor does this action seek to adjudicate the
5 legality or adequacy of any authorizations, approvals, decisions or actions taken or proposed to
6 be taken with respect to a potential Delta conveyance facility of any local public agency,
7 district, or agency, department or other political subdivision of the State.

8 31. The credit quality, at present or in the future, of the revenues pledged as
9 the source of repayment for the Delta Program Revenue Bonds is not at issue in and is not
10 relevant to the determination of the legal validity of the Delta Program revenue bond financing
11 mechanism the Department has authorized and seeks to validate in this action. The sole issue
12 presented with regard to the Department's pledge of revenues as provided in the Resolutions is
13 the Department's legal authority to pledge that source of revenues to the repayment of Delta
14 Program Revenue Bonds, separate and apart from other revenues pledged by the Department to
15 the repayment of other bonds issued to finance the State Water Resources Development System
16 as defined in California Water Code Section 12931 or to the repayment of bonds issued to
17 finance any other facilities authorized by California Water Code Section 11260 or any other
18 provision of the CVP Act.

19 32. The legal validity of the Delta Program revenue bond financing is not
20 dependent on the amendment or extension of the Water Supply Contracts, and the status or
21 existence of any such amendment or extension is not relevant in this action. This action does
22 not seek to adjudicate, and will not be binding with respect to, how any party to the Water
23 Supply Contracts might internally or locally allocate its costs among member agencies, how
24 Delta Program Planning Costs and Delta Program Construction Costs, if any, will be allocated
25 between member agencies, or how a contracting party might seek to recover costs for Delta
26 Program Planning Costs and Delta Program Construction Costs from its member agencies. Nor
27 is the validity of any existing Water Supply Contract terms at issue in this action.

28 ///

1 33. The Department’s adoption of the Resolutions authorizing the issuance of
2 the proposed Delta Program Revenue Bonds is not a “project” subject to CEQA, but rather is
3 “[t]he creation of [a] government funding mechanism[] ... which do[es] not involve any
4 commitment to any specific project which may result in a potentially significant physical
5 impact on the environment” (Cal. Code Regs., tit. 14, § 15378, subd. (b)(4)).

6 34. Any indirect environmental effects that could result from the
7 Department’s adoption of the Resolutions authorizing the issuance of the proposed Delta
8 Program Revenue Bonds are too conceptual, diffuse, and speculative to allow for meaningful
9 environmental review (see, e.g., Cal. Code Regs., tit. 14, § 15061, subd. (b)(3)).

10 35. The Department’s adoption of the Resolutions authorizing the issuance of
11 the proposed Delta Program Revenue Bonds is not an “approval” within the meaning of the
12 CEQA Guidelines, in that such adoption does not commit the Department to a definite course of
13 action in regard to a project subject to CEQA (see Cal. Code Regs., tit. 14, § 15352).

14 **Statutory Authority for the Financing of the Delta Program**

15 **A. The Department has Broad Authority with Respect to Project Facilities.**

16 36. Under the CVP Act, the Department is authorized to construct and
17 operate the Project and to issue revenue bonds to pay for it. The Department has broad
18 discretion and authority to determine the need for the Project and the nature of Project facilities.

19 37. Section 11201 of the CVP Act provides: “The project as authorized by
20 this part consists of the units provided for in this chapter [Chapter 2 of the CVP Act].” Chapter
21 2 encompasses Sections 11200 through 11295.

22 38. Section 11260 of the CVP Act authorizes the Department to include
23 conveyance facilities such as those to be reviewed and evaluated in the Delta Program as one or
24 more of the units “provided for in this chapter.” Section 11260 provides:

25 The units set forth in publication of the Resources Board entitled
26 “Report on Feasibility of Feather River Project and Sacramento-San
27 Joaquin Delta Diversion Projects Proposed as Features of the
28 California Water Plan,” dated May, 1951, as modified in the
publication of the Division of Water Resources entitled “Program
for Financing and Constructing the Feather River Project as the
Initial Unit of the California Water Plan,” dated February, 1955,

1 and including the upstream features set forth in Chapter VI of the
2 1955 report, except the features on the south fork of the Feather
3 River, and as further modified by the recommendations contained
4 in Bulletin No. 78 of the Department of Water Resources, entitled
5 “Preliminary Summary Report on Investigation of Alternative
6 Aqueduct Systems to Serve Southern California,” dated February,
7 1959, and subject to such further modifications thereof as the
8 Department of Water Resources may adopt, and such units or
9 portions thereof may be constructed by the department and
10 maintained and operated by it to such extent and for such period as
11 the department may determine, as units of the Central Valley
12 Project separate and apart from any or all other units thereof.

13
14 39. Section 11454 of the CVP Act authorizes the Department to “do any and
15 all things which in its judgment are necessary, convenient, or expedient for the accomplishment
16 of the purposes and objects of this part.” In describing the Department’s authority under the
17 Burns-Porter Act,² the California Supreme Court has stated that “the conduct of an important
18 public enterprise [such as the Project] requires that broad power and discretion be granted to the
19 administrative agency in charge of the project.”³

20 40. The import of the Department’s broad discretion and authority are
21 summarized in Section 11126 of the CVP Act, which provides:

22 The construction, operation, and maintenance of the project as
23 provided for in this part is in all respects for the welfare and benefit
24 of the people of the State, for the improvement of their prosperity
25 and their living conditions, and the provisions of this part shall
26 therefore be liberally construed to effectuate the purposes and
27 objects thereof.

28 41. Pursuant to the CVP Act, the Department has broad powers with respect
to Project facilities, including the power to authorize the review, planning, design and
engineering, and, if and when appropriate, the acquisition and construction of the Delta
Program.

² Courts must harmonize the Burns-Porter Act, Cal. Water Code §§ 12930 *et seq.*, and the CVP Act. *Warne v. Harkness*, 60 Cal.2d 579 (1963). California Water Code Section 12931 provides in part that “Any facilities heretofore or hereafter authorized as a part of the Central Valley Project or facilities which are acquired or constructed as a part of the State Water Resources Development System with funds made available [under the Burns-Porter Act] shall be acquired, constructed, operated, and maintained pursuant to the provisions of the code governing the Central Valley Project, as said provisions may now or hereafter be amended.”

³ *Metropolitan Water District v. Marquardt*, 59 Cal.2d 159, 177 (1963).

1 **B. The Department has Broad Authority to Issue Revenue Bonds to Finance Planning**
2 **and Construction of Project Facilities.**

3 42. The CVP Act authorizes the Department to issue revenue bonds to pay
4 the capital costs of Project facilities, including the costs of environmental review, planning,
5 engineering and design, as well as the costs of acquisition and construction of such facilities.

6 43. Section 11700 of the CVP Act authorizes the Department to issue
7 revenue bonds “[f]or the purpose of providing money and funds to pay the cost and expense of
8 carrying out any of the objects and purposes of this part.” The Department is authorized under
9 Section 11700 to issue revenue bonds to fund Delta Program Planning Costs and, if and when
10 appropriate, Delta Program Construction Costs.

11 44. Section 11761 authorizes the Department to spend bond proceeds on the
12 Delta Program Planning Costs and, if and when appropriate, Delta Program Construction Costs.
13 Section 11761 provides that proceeds of revenue bonds shall be applied solely for certain
14 purposes, which include “[s]urveys, and the preparation of plans and specifications,” “the
15 acquisition of . . . property of every kind and description,” “construction . . . of the project,” and
16 “all other costs and expenses prior to and during construction.”

17 45. Section 11701 sets forth the procedural steps the Department must take to
18 issue revenue bonds for purposes authorized under the CVP Act. Section 11701 provides:

19 Whenever the department determines that it is necessary to carry
20 out any of the objects and purposes of this part, it shall prepare
21 preliminary cost estimates, an estimate of the amount required to be
22 raised for those purposes by the issuance of bonds, and a statement
23 of the probable amount of money, property, materials, or labor, if
24 any, to be contributed from other sources in aid thereof, and shall
25 adopt a resolution declaring that the public interest and necessity
26 require the carrying out of those objects and purposes and
27 authorizing the issuance of bonds for the purpose of obtaining funds
28 in an amount not in excess of that estimated to be required for those
purposes.

25 **The Delta Program Revenue Bond Financing**

26 **A. The Delta Program General Bond Resolution and Delta Program Revenue Bonds**

27 46. On August 6, 2020, the Department adopted the Resolution, designated
28 “No. DWR-DPRB-1” and titled “Delta Program Revenue Bond General Bond Resolution.” A

1 true and correct copy of the Resolution is attached as Exhibit 1 and incorporated by this
2 reference.

3 47. The Resolution defines the “Delta Program” as “the environmental
4 review, planning, engineering, design, and, if and when the Department determines to be
5 appropriate, acquisition, construction, operation and maintenance of facilities for the
6 conveyance of water in, about and through the Sacramento-San Joaquin Delta, subject to such
7 further specification thereof as the Department in its discretion may adopt. Delta Program
8 facilities may include, but are not limited to, water diversion intake structures located on the
9 Sacramento River and a tunnel to convey water to Banks Pumping Plant.”

10 48. Pursuant to the Resolution, the Department authorized the issuance of
11 Delta Program Revenue Bonds. Section 203 of the Resolution provides, in pertinent part:

12 Bonds of the Department are hereby authorized for the purpose of
13 obtaining funds to pay Delta Program Capital Costs and to refund
14 obligations of the Department issued for such purpose. The
15 aggregate principal amount of Bonds which may be executed,
16 authenticated and delivered under this Resolution is not limited
17 except as may hereafter be provided by amendment to this
18 Resolution pursuant to Section 1101(C)(1) or as may be limited by
19 law. The Bonds may be issued in one or more Series, if and when
20 determined by the Department pursuant to one or more
21 Supplemental Resolutions.

22 49. The Department determined in the Resolution, in accordance with
23 Section 11701 of the CVP Act:

24 [T]hat the public interest and necessity require the carrying out of
25 the objects and purposes of the Act by the environmental review,
26 planning, engineering and design and, if and when the Department
27 determines to be appropriate, the acquisition, construction,
28 operation and maintenance of facilities for the conveyance of water
in, about and through the Sacramento-San Joaquin Delta, subject to
such further specification thereof as the Department in its discretion
may adopt (the “Delta Program”).

50. Also with respect to Section 11701, the Department stated in the
Resolution:

[A]s required by Section 11701 of the Act, the Department will, for
each series of bonds being issued under this General Bond
Resolution, prepare preliminary cost estimates for the phase of the

1 Delta Program to be financed by such bonds, an estimate of the
2 amount required to be raised for the purposes of that phase by the
3 issuance of bonds, and a statement of the probable amount of
4 money, property, materials, or labor, if any, to be contributed from
5 other sources in aid thereof.

6 51. Correspondingly, before a series of bonds can be authenticated and
7 delivered, Section 204(B)(3) of the Resolution requires that the Department provide to the
8 Treasurer:

9 A Certificate of the Department containing, as required by Section
10 11701 of the Act, the following: (a) preliminary cost estimates for
11 the phase of the Delta Program to be financed by such Bonds,
12 (b) an estimate of the amount required to be raised for the purposes
13 of that phase by the issuance of such Bonds, (c) a statement of the
14 probable amount of money, property, materials, or labor, if any, to
15 be contributed from other sources in aid thereof, and (d) a
16 certification that the amount to be raised by the issuance of such
17 Bonds is not in excess of that estimated to be required for those
18 purposes.

19 52. Also in accordance with Section 11701, the Resolution provides:

20 [A]s authorized by Section 11701 of the Act, the Department
21 hereby adopts this Resolution declaring that the public interest and
22 necessity require the carrying out of the Delta Program and
23 authorizing the issuance of revenue bonds for the purpose of
24 obtaining funds in an amount not in excess of that estimated to be
25 required for those purposes (as such estimates and purposes may be
26 modified by the Department from time to time in accordance with
27 the Act);

28 53. The Department further determined in the Resolution:

[T]hat it will commence the acquisition and construction phase, if
any, of the Delta Program only after all conditions precedent to
such acquisition and construction established by law have been
satisfied.

54. Correspondingly, the Resolution requires that the Department satisfy
applicable conditions before a series of Delta Program Revenue Bonds can be authenticated and
delivered to pay for construction activities. In particular, Section 205(B) of the Resolution
requires that the Department provide to the Treasurer:

[A] Certificate of the Department stating that in the opinion of the
Department moneys are then required for such costs, stating an
estimate of the amount of moneys required for such purposes, and
stating that all conditions precedent to the commencement of
acquisition or construction of any Delta Program facilities to be

1 acquired or constructed with the proceeds of such Series of Bonds
2 established by law have been satisfied.

3 **B. The First and Second Supplemental Resolutions**

4 55. On August 6, 2020, the Department adopted the First Supplemental
5 Resolution, designated “No. DWR-DPRB-2” and titled, “First Supplemental Resolution
6 Providing For The Issuance Of Delta Program Revenue Bonds, Series A”, and also adopted the
7 Second Supplemental Resolution, designated “No. DWR-DPRB-3” and titled, “Second
8 Supplemental Resolution Providing For The Issuance Of Delta Program Revenue Bonds, Series
9 B”. A true and correct copy of the First Supplemental Resolution is attached as Exhibit 2 and
10 incorporated by this reference, and a true and correct copy of the Second Supplemental
11 Resolution is attached as Exhibit 3 and incorporated by this reference.

12 56. As provided for and authorized by the Resolution, the Department
13 determined in the First Supplemental Resolution to issue a series of Delta Program Revenue
14 Bonds for the purposes of paying and reimbursing preconstruction costs of the Delta Program,
15 including Delta Program Planning Costs, as defined in the Resolution. The First Supplemental
16 Resolution provides:

17 The Department hereby determines to authorize the issuance of a
18 Series of Bonds under the Resolution. The Bonds of this Series
19 shall be designated as and shall be distinguished from the Bonds of
20 all other Series by the designation “Delta Program Revenue Bonds,
21 Series A”. The aggregate principal amount of the Bonds of Series
22 A at any time Outstanding shall not exceed the amount determined
23 by the Department prior to the issuance of the Bonds of Series A as
24 being required to be issued solely for the purposes described in
25 Section 1304.

26 57. Section 1304 of the First Supplemental Resolution provides:

27 The Bonds of Series A are to be issued for the purposes of Sections
28 204 and 205 solely to obtain moneys to (i) pay or reimburse Delta
29 Program Planning Costs, (ii) fund a deposit to the Reserve Account
30 in the amount of the Reserve Account Requirement allocated to the
31 Bonds of Series A, (iii) fund capitalized interest on the Bonds of
32 Series A, and (iv) pay costs of issuance of the Bonds of Series A.

33 58. In accordance with the Resolution and Section 11701 of the CVP Act, the
34 Department stated in the First Supplemental Resolution:

1 [P]rior to the issuance of the Bonds of Series A, the Department
2 shall determine: (1) an estimate of the amount required to be raised
3 for Delta Program Planning Costs, including bond-related costs
4 such as capitalized interest, costs of issuance and bond reserves;
5 (2) the probable amount of money, property, materials or labor, if
6 any, to be contributed from other sources for Delta Program
7 Planning Costs; and (3) the amount to be raised for such purposes
8 by the issuance of the Bonds of Series A

9
10 59. As provided for and authorized by the Resolution, the Department
11 determined in the Second Supplemental Resolution to issue, if and when appropriate, Delta
12 Program Revenue Bonds for the purpose of paying Delta Program Capital Costs, including
13 acquisition and construction costs, defined herein as Delta Program Construction Costs. The
14 Second Supplemental Resolution provides:

15 The Department hereby determines to issue a Series of Bonds
16 authorized to be issued under the Resolution. The Bonds of this
17 Series shall be designated as and shall be distinguished from the
18 Bonds of all other Series by the designation “Delta Program
19 Revenue Bonds, Series B”. The aggregate principal amount of the
20 Bonds of Series B at any time Outstanding shall not exceed the
21 amount determined by the Department prior to the issuance of the
22 Bonds of Series B as being required to be issued for the purposes
23 described in Section 1704.

24 60. Section 1704 of the Second Supplemental Resolution provides:

25 The Bonds of Series B are to be issued . . . solely to obtain moneys
26 to (i) pay or reimburse Delta Program Capital Costs, (ii) fund a
27 deposit to the Reserve Account in the amount of the Reserve
28 Account Requirement allocated to the Bonds of Series B, (iii) fund
capitalized interest on the Bonds of Series B, and (iv) pay costs of
issuance of the Bonds of Series B.

61. Lastly, in the Second Supplemental Resolution, the Department
determined that “the provisions of Sections 204 and 205 of the Resolution have been satisfied
or will be satisfied at the time of issuance of the Bonds of Series B.”

Statutory Authorization to Bring this Validation Action

62. Code of Civil Procedure Section 860 provides that a public agency, such
as the Department, may, upon the existence of any matter which under any other law is
authorized to be determined under the Validation Statute, bring an *in rem* action to determine
the validity of such matter. Under Code of Civil Procedure Section 864, bonds are deemed to

1 be in existence as of the date of adoption by the governing body of the issuing public agency of
2 a resolution or ordinance authorizing their issuance.

3 63. Government Code Section 17700 provides that a state agency may bring
4 an action to determine the validity of its bonds, warrants, contracts, obligations or evidence of
5 indebtedness pursuant to the Validation Statute. The Department is a state agency⁴ authorized
6 to bring an action under the Validation Statute pursuant to Government Code Section 17700.

7 64. The Validation Statute provides that the action shall be brought in the
8 superior court of the county in which the principal office of the agency is located. The principal
9 office of the Department is located in Sacramento County, California.

10 65. This action is properly brought by the Department as an *in rem* action
11 pursuant to Government Code Section 17700 and Code of Civil Procedure Section 860 for the
12 judicial examination, approval and confirmation of the matters alleged herein.

13 66. The fundamental purpose of a validation action is to confirm a public
14 agency's legal authority to undertake a proposed financing before that financing occurs.
15 *Friedland v. City of Long Beach*, 62 Cal.App.4th 835, 842-43 (1998). "[I]n its most common
16 and practical application, the validating proceeding is used to secure a judicial determination
17 that proceedings by a local government entity, such as the issuance of municipal bonds and the
18 resolution or ordinance authorizing the bonds, are valid, legal, and binding. Assurance as to the
19 legality of the proceedings surrounding the issuance of municipal bonds is essential before
20 underwriters will purchase bonds for resale to the public." *Id.*, at 843.

21 **Service By Publication of Summons**

22 67. Pursuant to the Validation Statute, notice of this validation action is to be
23 given by publication of the Summons in a newspaper of general circulation within the county in
24 which the action is pending, and in such other counties that the Court may direct. The Court
25 may also direct that notice of the pendency of the action be given by mail or other means to the
26 extent the Court finds such methods reasonably practicable.

27 ///

28 _____
⁴ California Water Code Section 120.

1 68. The Department proposes to provide notice of this validation action by
2 publication of the Summons in newspapers in all 58 counties in California. In addition to the
3 information required by the Validation Statute, the Summons will include a link to the
4 Department’s internet website where any interested person may obtain a copy of the validation
5 complaint and exhibits.

6 69. Publication of summons in newspapers in all 58 California counties
7 exceeds the notice required by law and is a method most likely to give notice to persons
8 interested in these proceedings. The Court should order publication of the Summons as
9 described above pursuant to Code of Civil Procedure Section 861 and Government Code
10 Section 6063.

11 70. The Department also proposes to provide extensive additional notice of
12 this validation action to those persons and organizations that have informed the Department of
13 their interest in Delta conveyance facilities, both in connection with the January 15, 2020 NOP
14 and in prior Delta conveyance-related proceedings.

15 71. Specifically, the Court should order that the Department: (1) not later
16 than 20 days after the first publication of summons in this action, email or mail (as the
17 Department chooses in its discretion) to each of the parties to the Water Supply Contracts a
18 written notice (to be submitted to and approved by the Court, hereinafter, the “Approved
19 Notice”) informing the recipient of this validation action and how to obtain a copy of the
20 Summons and complaint; (2) not later than 20 days after the first publication of summons in this
21 action, email or mail (as the Department chooses in its discretion) the Approved Notice to
22 persons or entities identified on interested parties lists maintained by the Department, at the
23 time the Approved Notice is sent, with respect to the January 15, 2020 NOP; and (3) not later
24 than 20 days after the first publication of summons in this action, and to attempt to reach
25 interested parties that may not be identified pursuant to sub-sentence (2), email or mail (as the
26 Department chooses in its discretion) the Approved Notice to persons or entities previously
27 identified on interested parties lists maintained by the Department in connection with the
28 California WaterFix and/or the Bay Delta Conservation Plan.

1 **First Cause of Action**

2 (Determination of Validity)

3 72. The Department realleges and incorporates by this reference the
4 allegations of paragraphs 1 through 71 above as though fully set forth herein.

5 73. The Department has properly brought this validation action under
6 Government Code Section 17700 and the Validation Statute.

7 74. The Department has the authority under the CVP Act to adopt and
8 approve the Resolution and the First and Second Supplemental Resolutions, and each of the
9 recitals, findings, determinations, and terms therein.

10 75. Pursuant to Code of Civil Procedure Section 864, and the Department's
11 adoption of and authorizations in the Resolution, the First Supplemental Resolution and the
12 Second Supplemental Resolution, the Delta Program Revenue Bonds, including Series A, Series
13 B, and subsequent Series, are "in existence" for the purpose of being validated in this action.

14 76. The Delta Program Revenue Bonds, the Resolution, the First
15 Supplemental Resolution and the Second Supplemental Resolution are proper matters to be
16 validated in this *in rem* validation action brought pursuant to the Validation Statute, and such
17 matters are ripe for judicial determination without regard to the status of any proposed Delta
18 water conveyance facility.

19 77. The Department has the authority under the CVP Act, and in particular
20 Section 11260, to conduct an environmental review, plan, engineer and design and, if and when
21 the applicable statutory and regulatory conditions precedent are satisfied, acquire and construct
22 Delta water conveyance facilities, such as the facilities under review in the Delta Program, as a
23 unit of the Project, separate and apart from other units of the State Water Resources
24 Development System and Central Valley Project.

25 78. The Department has the authority under the CVP Act, and in particular
26 Section 11260 and Section 11700, to adopt the Resolution, the First Supplemental Resolution,
27 and the Second Supplemental Resolution to authorize the issuance of Delta Program Revenue
28 Bonds, including Series A, Series B and subsequent Series, to finance Delta Program Planning

1 Costs, Delta Program Construction Costs and other Delta Program Capital Costs in accordance
2 with the terms of the Resolution, the First Supplemental Resolution, and the Second
3 Supplemental Resolution.

4 79. The Department has the authority to pledge revenues from the Delta
5 Program to secure the repayment of the Delta Program Revenue Bonds, separate and apart from
6 any and all other pledges of Department revenues to secure other debt issued to finance the
7 State Water Resources Development System as defined in California Water Code Section
8 12931 and/or any other facilities authorized by California Water Code Section 11260 or any
9 other provision of the CVP Act.

10 80. The Department has the authority to apply the proceeds of the Delta
11 Program Revenue Bonds, Series A, to pay Delta Program Planning Costs, and other
12 preconstruction costs of the Delta Program incurred by the Department prior to the issuance of
13 the Bonds of Series A, including amounts to be used to reimburse advances by other parties for
14 such costs.

15 81. Subject to the conditions precedent in the Resolution, the Second
16 Supplemental Resolution, and applicable statutory and regulatory requirements, the Department
17 has the authority to apply the proceeds of the Delta Program Revenue Bonds, including the
18 Delta Program Revenue Bonds, Series B and subsequent Series, to pay Delta Program
19 Construction Costs and other Delta Program Capital Costs in the manner authorized in the
20 Resolution, including the Second Supplemental Resolution and subsequent Supplemental
21 Resolutions adopted in accordance with the Resolution.

22 82. Upon issuance, sale and delivery thereof, the Delta Program Revenue
23 Bonds, including the Delta Program Revenue Bonds, Series A, Series B and subsequent Series,
24 will be valid, legal and binding obligations of the Department in accordance with their terms.

25 83. The future compliance of any undefined, unapproved and hypothetical
26 Delta conveyance facility with any applicable regulatory or statutory requirements other than
27 the requirements of Water Code Section 11260, is not at issue in and is not relevant to the
28 determination of the legal validity of the Delta Program revenue bond financing mechanism the

1 Department has authorized and seeks to validate in this action. This action does not seek to
2 adjudicate, and will not be binding with respect to, legal challenges based on the adequacy or
3 implementation of the environmental review, planning, engineering, design, or acquisition and
4 construction of any Delta water conveyance facility, including any CEQA litigation over a
5 future environmental impact report. Nor does this action seek to adjudicate the legality or
6 adequacy of any authorizations, approvals, decisions or actions taken or proposed to be taken
7 with respect to a potential Delta conveyance facility of any local public agency, district, or
8 agency, department or other political subdivision of the State.

9 84. The credit quality, at present or in the future, of the revenues pledged as
10 the source of repayment for the Delta Program Revenue Bonds is not at issue in and is not
11 relevant to the determination of the legal validity of the Delta Program revenue bond financing
12 mechanism the Department has authorized and seeks to validate in this action. The sole issue
13 presented with regard to the Department's pledge of revenues as provided in the Resolutions is
14 the Department's legal authority to pledge that source of revenues to the repayment of Delta
15 Program Revenue Bonds, separate and apart from other revenues pledged by the Department to
16 the repayment of other bonds issued to finance the State Water Resources Development System
17 as defined in California Water Code Section 12931 and/or any other facilities authorized by
18 California Water Code Section 11260.

19 85. The legal validity of the Delta Program revenue bond financing is not
20 dependent on the amendment or extension of the Water Supply Contracts, and the status or
21 existence of any such amendment or extension is not relevant in this action. This action does
22 not seek to adjudicate, and will not be binding with respect to, how any party to the Water
23 Supply Contracts might internally or locally allocate its costs among member agencies, how
24 Delta Program Planning Costs and Delta Program Capital Costs, if any, will be allocated
25 between member agencies, or how a contracting party might seek to recover costs for Delta
26 Program Planning Costs and Delta Program Capital Costs from its member agencies. Nor is the
27 validity of any existing Water Supply Contract terms at issue in this action.

28 ///

1 91. That the Court find that this action is properly brought under California
2 Government Code Section 17700 and the Validation Statute in the superior court for the County
3 of Sacramento.

4 92. That judgment be entered on the First Cause of Action determining that:

5 (a) The Department has the authority under the CVP Act to adopt and
6 approve the Resolution and the First and Second Supplemental Resolutions, and each of the
7 recitals, findings, determinations, and terms therein.

8 (b) Pursuant to Code of Civil Procedure Section 864, and the
9 Department's adoption of and authorizations in the Resolution, the First Supplemental Resolution
10 and the Second Supplemental Resolution, the Delta Program Revenue Bonds, including Series A,
11 Series B, and subsequent Series, are "in existence" for the purpose of determining their validity in
12 this action.

13 (c) The Delta Program Revenue Bonds, the Resolution, the First
14 Supplemental Resolution and the Second Supplemental Resolution are proper matters to be
15 validated in this *in rem* validation action brought pursuant to the Validation Statute, and such
16 matters are ripe for judicial determination without regard to the status of any Delta water
17 conveyance facility or Water Supply Contract amendment.

18 (d) The Department has the authority under the CVP Act, and in
19 particular Section 11260, to review (including conducting an environmental review), plan,
20 engineer and design and, if and when the applicable conditions precedent are satisfied, acquire
21 and construct Delta water conveyance facilities as a unit of the Project, separate and apart from
22 other units of the State Water Resources Development System, such as the facilities under review
23 in the Delta Program.

24 (e) The Department has the authority under the CVP Act, and in
25 particular Section 11260 and Section 11700, to adopt the Resolution, the First Supplemental
26 Resolution, and the Second Supplemental Resolution to authorize the issuance of Delta Program
27 Revenue Bonds, including Series A, Series B and subsequent Series, to finance Delta Program
28 Planning Costs, Delta Program Construction Costs and other Delta Program Capital Costs in

1 accordance with the terms of the Resolution, the First Supplemental Resolution, and the Second
2 Supplemental Resolution.

3 (f) The Department has the authority to pledge revenues from the Delta
4 Program to secure the repayment of the Delta Program Revenue Bonds, separate and apart from
5 any and all other pledges of Department revenues to secure other debt issued to finance the State
6 Water Resources Development System as defined in California Water Code Section 12931 and/or
7 any other facilities authorized by California Water Code Section 11260 or any other provision of
8 the CVP Act.

9 (g) The Department has the authority to apply the proceeds of the Delta
10 Program Revenue Bonds, Series A, to pay Delta Program Planning Costs, and other
11 preconstruction costs of the Delta Program incurred by the Department prior to the issuance of the
12 Bonds of Series A, including amounts to be used to reimburse advances by other parties for such
13 costs.

14 (h) Subject to the conditions precedent in the Resolution, the Second
15 Supplemental Resolution, and applicable statutory and regulatory requirements, the Department
16 has the authority to apply the proceeds of the Delta Program Revenue Bonds, including the Delta
17 Program Revenue Bonds, Series B and subsequent Series, to pay Delta Program Construction
18 Costs and other Delta Program Capital Costs in the manner authorized in the Resolution,
19 including the Second Supplemental Resolution and subsequent Supplemental Resolutions
20 adopted in accordance with the Resolution.

21 (i) Upon issuance, sale and delivery thereof, the Delta Program
22 Revenue Bonds, including the Delta Program Revenue Bonds, Series A, Series B and subsequent
23 Series, will be valid, legal and binding obligations of the Department in accordance with their
24 terms.

25 93. That the Court permanently enjoin and restrain all persons from the
26 institution of any action or proceeding challenging, *inter alia*, the validity of the Resolution and
27 the First Supplemental Resolution, the Second Supplemental Resolution, any subsequent
28 Supplemental Resolution and the respective terms therein, and the Delta Program Revenue

1 Bonds, including the Delta Program Revenue Bonds, Series A, Series B and subsequent Series,
2 and the proceedings and authorizations leading and resulting thereto, or any matters herein
3 adjudicated or which at this time could have been adjudicated in this action.

4 94. For such other and further relief as the Court may deem just and proper.

DELTA PROGRAM REVENUE BOND

GENERAL BOND RESOLUTION

(No. DWR-DPRB-1)

WHEREAS, Part 3 of Division 6 (commencing with Section 11100) of the Water Code of the State of California (the “Act”) authorizes the Department of Water Resources of the State of California (the “Department”) to construct, maintain and operate certain facilities described in the Act (the “Central Valley Project”), subject to the requirements and limitations of the Act;

WHEREAS, Section 11260 of the Act defines as part of the Central Valley Project the units set forth in certain publications of the State Water Resources Board, the Division of Water Resources and the Department of Water Resources, subject to such further modifications thereof as the Department may adopt, and provides that such units or portions thereof may be constructed by the Department and maintained and operated by it to such extent and for such period as the Department may determine, as units of the Central Valley Project separate and apart from any or all other units thereof;

WHEREAS, the Department hereby determines, in accordance with the provisions of the Act, that the public interest and necessity require the carrying out of the objects and purposes of the Act by the environmental review, planning, engineering and design and, if and when the Department determines to be appropriate, the acquisition, construction, operation and maintenance of facilities for the conveyance of water in, about and through the Sacramento-San Joaquin Delta, subject to such further specification thereof as the Department in its discretion may adopt (the “Delta Program”);

WHEREAS, the Department hereby determines pursuant to Section 11260 of the Act that the Delta Program shall be maintained and operated by the Department separate and apart from all other units of the Central Valley Project in accordance in all respects with the terms of this Resolution;

WHEREAS, Section 11700 of the Act provides that to provide money and funds to pay the cost and expense of carrying out any of the objects and purposes of the Act, the Department may, from time to time, issue bonds;

WHEREAS, as required by Section 11701 of the Act, the Department will, for each series of bonds being issued under this General Bond Resolution, prepare preliminary cost estimates for the phase of the Delta Program to be financed by such bonds, an estimate of the amount required to be raised for the purposes of that phase by the issuance of bonds, and a statement of the probable amount of money, property, materials, or labor, if any, to be contributed from other sources in aid thereof;

WHEREAS, the Department hereby determines that it will commence the acquisition and construction phase, if any, of the Delta Program only when, in the judgment of the Department, appropriations, contributions, and revenues from all sources which are available

or which will be made or become available upon, during, after, or before acquisition and construction of the Delta Program, including contracts which the Department may negotiate and enter into with responsible persons, public or private agencies, the United States, and state agencies for the sale or disposal of water, water flow, the use of water, water storage, electric power, or other resources and facilities to be made available by the Delta Program, are or will be available from such sources in such amounts and at such times as will afford funds sufficient to pay and discharge as and when the same become due and payable all cost and expense incurred prior to construction, and all cost and expense of acquisition, construction, operation, and maintenance of any Delta Program facilities, together with necessary repairs and replacements thereto, including funds sufficient to meet and pay, as and when they become due and payable, all Delta Program Revenue Bonds, with interest accruing thereon, within a period of not to exceed 70 years after the beginning of the construction of any Delta Program facilities;

WHEREAS, the Department hereby further determines that it will commence the acquisition and construction phase, if any, of the Delta Program only after all conditions precedent to such acquisition and construction established by law have been satisfied;

WHEREAS, as authorized by Section 11701 of the Act, the Department hereby adopts this Resolution declaring that the public interest and necessity require the carrying out of the Delta Program and authorizing the issuance of revenue bonds for the purpose of obtaining funds in an amount not in excess of that estimated to be required for those purposes (as such estimates and purposes may be modified by the Department from time to time in accordance with the Act);

WHEREAS, this General Bond Resolution is not a “project” subject to the California Environmental Quality Act (Pub. Resources Code, § 21000 et seq.) (CEQA), but rather is an example of “[t]he creation of [a] government funding mechanism[] ... which do[es] not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment” (Cal. Code Regs., tit. 14, § 15378, subd. (b)(4));

WHEREAS, any indirect environmental effects that could result from the adoption of the General Bond Resolution are too conceptual, diffuse, and speculative to allow for meaningful environmental review (see, e.g., Cal. Code Regs., tit. 14, § 15061, subd. (b)(3));

WHEREAS, the adoption of this resolution is not an “approval” within the meaning of the CEQA Guidelines, in that such adoption does not commit the Department to a definite course of action in regard to a project subject to CEQA (see Cal. Code Regs., tit. 14, § 15352);

NOW, THEREFORE, BE IT RESOLVED BY the State of California Department of Water Resources as follows:

ARTICLE I

DEFINITIONS

SECTION 101. Definitions. Unless the context clearly indicates that another meaning is intended, the following terms shall, for the purposes of this Resolution, any

Supplemental Resolution, and any certificate, opinion or other document herein mentioned, have the following meanings:

Act means Part 3 of Division 6 of the Water Code of the State of California.

Annual Debt Service means the amount payable on the Bonds in any specified twelve-month period on account of (1) interest, plus (2) the principal amount of Serial Bonds becoming due, if any, plus (3) Sinking Fund Installments, if any.

Bond Anticipation Bonds means any bonds issued by the Department, as authorized by Section 11755 of the Act, in anticipation of one or more Series of Bonds that have been authorized pursuant to this Resolution but not yet sold and delivered.

Bonds means Delta Program Revenue Bonds at any time Outstanding pursuant to this Resolution.

Bondholder, Holder of Bonds or any similar term means any person who shall be the registered owner of any Outstanding Bond.

Certificate of the Department means an instrument in writing signed by the Director or such other person as the Director may designate by a written statement filed with the Treasurer.

Construction Fund means The Central Valley Water Project Construction Fund existing in the Treasury of the State of California pursuant to Section 11810 of the Act.

Counsel's Opinion means a written opinion of an independent lawyer or firm of lawyers of recognized standing in the field of municipal bonds (who may be counsel for the State of California or the Department) selected by the Department.

Delta Program means the environmental review, planning, engineering, design, and, if and when the Department determines to be appropriate, acquisition, construction, operation and maintenance of facilities for the conveyance of water in, about and through the Sacramento-San Joaquin Delta, subject to such further specification thereof as the Department in its discretion may adopt. Delta Program facilities may include, but are not limited to, water diversion intake structures located on the Sacramento River and a tunnel to convey water to Banks Pumping Plant.

Delta Program Capital Costs means the cost and expense of environmental review, planning, engineering, design, and, if and when determined by the Department to be appropriate, acquisition and construction of units for the conveyance of water in and about the Sacramento-San Joaquin Delta. In the event that the Delta Program includes only a portion of a resource or facility, Delta Program Capital Costs shall include only those costs and expenses of environmental review, planning, engineering, design, and, if and when appropriate, acquisition and construction of such resource or facility that are apportioned by the Department, for the purpose of this Resolution and any Supplemental Resolution, to the Delta Program.

Delta Program Capital Costs include any amounts that shall be reimbursed to the State of California pursuant to Section 502 and any interest on the Bonds or Delta Program Operating Expenses that shall be paid from the Construction Fund pursuant to the direction of a Supplemental Resolution.

Without limiting the generality of the foregoing, Delta Program Capital Costs also include all expenses of the Department incurred in connection with the issuance and sale of the Bonds, including, without limitation, the compensation and expenses of the Treasurer and the Paying Agents, the costs of services of independent experts, the costs of preparing and printing the Bonds and the Official Statement in connection therewith, and the costs of publication of the notice of sale of the Bonds.

Delta Program Planning Costs means the Department's costs of environmental review, planning, engineering and design of the Delta Program and all other Delta Program Capital Costs incurred prior to the commencement of the acquisition or construction of Delta Program facilities.

Department means the State of California Department of Water Resources, existing pursuant to Article 1 (commencing with Section 120) of Chapter 2 of Division 1 of the Water Code.

Director means the Director of Water Resources appointed pursuant to Section 120 of the Water Code.

Fiscal Year means each twelve-month period ending June 30, or such other annual period as the Department may designate as the fiscal year for the Delta Program, commencing with the first such period ending after the issuance of the first Bonds to be issued under this Resolution.

Government Obligations means:

(1) Any bonds or other obligations (including certificates or trust receipts evidencing ownership of payments on such bonds or other obligations) which as to principal and interest constitute direct obligations of, or are unconditionally guaranteed by, the United States of America;

(2) Obligations of the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Financing Bank, Federal Intermediate Credit Banks, Banks for Cooperatives, Federal Land Banks, the Federal Home Loan Bank System, the Farmers Home Administration, the Federal Home Loan Mortgage Corporation, the Export-Import Bank of the United States, the Private Export Funding Corporation, the United States Postal Service, or any other agency or instrumentality of the United States of America established for the purposes of acquiring the obligations of any of the foregoing or otherwise providing financing therefor; and

(3) Any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local governmental unit of any such state (a) which are not callable prior to maturity or as to which irrevocable instructions have

been given to the trustee or escrow agent of such bonds or other obligations by the obligor to give due notice of redemption and to call such bonds for redemption on the date or dates specified in such instructions, (b) which are secured as to principal and interest and redemption premium, if any, by a fund consisting only of cash or non-callable Government Obligations of the type described in clause (1) of this definition which fund may be applied only to the payment of such principal of and interest and redemption premium, if any, on such bonds or other obligations, and (c) as to which the principal of and interest on the Government Obligations of the type described in clause (1) of this definition which have been deposited in such fund along with any cash on deposit in such fund are sufficient to pay principal of and interest and redemption premium, if any, on such bonds or other obligations.

Operating Expenses means the costs of operation and maintenance (including appropriate amounts for operating and replacement reserves) of the portion of the Delta Program the Capital Costs of which are paid with the proceeds of Bonds. Operating Expenses shall include, without limiting the generality of the foregoing: administrative expenses, payments under any operation contract the Department may enter into, insurance premiums, payments for legal, engineering, and insurance advisory services, and payments to the Treasurer and Paying Agents.

Outstanding, when used with reference to Bonds, means, as of a particular date, all Bonds theretofore executed, authenticated and delivered under this Resolution except:

- (1) Bonds theretofore cancelled by the Treasurer or a Paying Agent;
- (2) Bonds for the payment of which, or for the redemption of which, cash or Government Obligations (maturing on or prior to the date when cash shall be required) or both, sufficient to pay the principal amount or Redemption Price thereof, as the case may be, with interest to the date of maturity or redemption date, shall have theretofore been deposited with the Treasurer in trust (whether upon or prior to the maturity or redemption date of such Bonds); provided, that if such Bonds are to be redeemed prior to their maturity, notice of such redemption shall have been given as provided in Section 403 or provision satisfactory to the Treasurer shall have been made for the giving of such notice; and provided further, that interest or other income which shall become due on Government Obligations may be deemed to be included in the amount so deposited; and
- (3) Bonds in lieu of or in substitution for which other Bonds shall have been executed, authenticated, and delivered pursuant to Sections 308, 309, 311, 312, 405, or 1106.

Paying Agent means any paying agent for the Bonds of any Series appointed in a Supplemental Resolution, including their respective successors.

Redemption Price means, with respect to any Bond, the principal amount thereof plus the applicable premium, if any, payable upon redemption thereof.

Refunding Bonds means Bonds to be issued as provided by Section 206.

Reserve Account Requirement, for any date of calculation, means, for all Series of Bonds Outstanding for which interest is then payable in whole or in part from Revenues, one-half of the maximum Annual Debt Service for the then current Year or any Year after such date of calculation. For purposes of calculating the Reserve Account Requirement for any fiscal year, Bonds bearing interest at a variable rate shall be assumed to bear interest during such fiscal year at a rate equal to the rate most recently reported by The Bond Buyer as the Bond Buyer Index for long-term revenue bonds; provided that if on the date of calculation the interest rate on such Bonds shall then be fixed for a specified period during such fiscal year, the interest rate assumed for such Bonds for such period shall be the actual interest rate.

Resolution means this Resolution as from time to time amended or supplemented in accordance with the terms hereof.

Revenue Fund means the Central Valley Water Project Revenue Fund existing in the Treasury of the State of California pursuant to Section 11815 of the Act.

Revenues means all moneys received by the Department:

- (1) under the Water Supply Contracts resulting from the portion of the Delta Program the Capital Costs of which are paid or reimbursed with the proceeds of Bonds or earnings from the investment of proceeds of the Bonds, in the amounts specified in Section 805;
- (2) from any other legally available source which the Department in its discretion determines to be Revenues and so designates in a Certificate of the Department filed with the Treasurer; and
- (3) as income from the deposit or investment of moneys held in the Revenue Fund pursuant to this Resolution.

Revenues shall not include any income or receipts resulting from the Delta Program other than the income and receipts specified in clauses (1), (2) and (3) above.

Serial Bond means a Bond of any Series which is so designated by the Supplemental Resolution pursuant to which such Series of Bonds is issued.

Series means all of the Bonds authenticated and delivered on original issuance in a simultaneous transaction, and any Bonds thereafter authenticated and delivered in lieu of or in substitution therefor pursuant to Sections 308, 309, 311, 312, 405 or 1106, regardless of variations in maturity date, interest rate, or other provisions.

Sinking Fund Installment means an amount so designated which is established, in accordance with Section 204(A)(7), for the Bonds of any Series by the Supplemental Resolution pursuant to which such Series is issued.

Supplemental Resolution means any resolution, amendatory of or supplemental to this Resolution, which has been duly adopted by the Department under the terms of this Resolution in accordance with the Act or any law then in effect amendatory of or supplemental to the Act.

Term Bond means a Bond of any Series which is so designated by the Supplemental Resolution pursuant to which such Series is issued.

Treasurer means the Treasurer of the State of California, elected pursuant to Section 11 of Article V of the Constitution of the State of California.

Treasury means the Treasury of the State of California.

Water Code means the Water Code of the State of California.

Water Supply Contracts means contracts, as now or hereafter amended, for a supply of water from the Department. As of the date of this resolution, the term includes the Department's water supply contracts with the following entities:

- Alameda County Flood Control and Water Conservation District, Zone 7
- Alameda County Water District
- Antelope Valley-East Kern Water Agency
- City of Yuba City
- Coachella Valley County Water District
- County of Butte
- County of Kings
- Crestline-Lake Arrowhead Water Agency
- Desert Water Agency
- Dudley Ridge Water District
- Empire West Side Irrigation District
- Kern County Water Agency
- Littlerock Creek Irrigation District
- Mojave Water Agency
- Napa County Flood Control and Water Conservation District
- Oak Flat Water District
- Palmdale Water District
- Plumas County Flood Control and Water Conservation District
- San Bernardino Valley Municipal Water District
- San Gabriel Valley Municipal Water District
- San Geronio Pass Water Agency
- San Luis Obispo County Flood Control and Water Conservation District
- Santa Barbara County Flood Control and Water Conservation District
- Santa Clara Valley Water District
- Santa Clarita Valley Water Agency
- Solano County Water Agency
- The Metropolitan Water District of Southern California
- Tulare Lake Basin Water Storage District

- Ventura County Watershed Protection District

Year means a twelve-month period ending each Year on the day designated by the Department for one or more purposes of this Resolution. Such day is hereby initially designated for all such purposes as December 1.

Unless otherwise indicated, all references in this Resolution to "Articles", "Sections" and other subdivisions are to the corresponding Articles, Sections or subdivisions of this Resolution, and the words "herein", "hereof", "hereunder" and other words of similar import refer to this Resolution as a whole and not to any particular Article, Section, or subdivision hereof.

Except where the context otherwise requires, words importing the singular number shall include the plural number and vice versa; and words importing persons shall include firms, associations and corporations and vice versa.

ARTICLE II

AUTHORIZATION AND ISSUANCE OF BONDS

SECTION 201. Statutory Authority for Resolution This Resolution is adopted pursuant to the provisions of the Act.

SECTION 202. Resolution to Constitute Contract In consideration of the acceptance of the Bonds, the issuance of which is authorized hereunder, by those who shall hold the same from time to time, this Resolution shall constitute a contract between the Department and the Holders from time to time of the Bonds appurtenant thereto. The covenants and agreements required by this Resolution to be performed on behalf of the Department shall be performed for the equal and proportionate benefit, security and protection of all Holders of Bonds without preference or distinction being given to any Bond over any other except as expressly provided in this Resolution.

SECTION 203. Authorization of Bonds Bonds of the Department are hereby authorized for the purpose of obtaining funds to pay Delta Program Capital Costs and to refund obligations of the Department issued for such purpose. The aggregate principal amount of Bonds which may be executed, authenticated and delivered under this Resolution is not limited except as may hereafter be provided by amendment to this Resolution pursuant to Section 1101(C)(1) or as may be limited by law. The Bonds may be issued in one or more Series, if and when determined by the Department pursuant to one or more Supplemental Resolutions. The Bonds shall be designated generally as the Department's "Delta Program Revenue Bonds", with such further particular designations incorporated in such title for the Bonds of any particular Series as the Department may determine to be appropriate. Each Bond shall bear upon its face the designation so determined for the Series to which it belongs. The Bonds are hereby identified as Central Valley Project revenue bonds as provided by California Water Code Section 11705.

SECTION 204. [General Provisions for Issuance of Bonds.](#)

(A) The Department may issue under this Resolution Bonds of any Series for the purposes specified in Sections 205 or 206, upon compliance with the provisions thereof and of this section. Bonds of any Series shall be issued pursuant to a Supplemental Resolution which shall specify:

(1) The purposes for which such Series of Bonds is being issued, which shall be one or more of the purposes set forth in Section 205 or the refunding purposes set forth in Section 206;

(2) The principal amount of such Series of Bonds, or the manner of determining such principal amount, and the designation of the Bonds of such Series;

(3) The date or dates and the maturity date or dates of the Bonds of such Series; provided, that all maturity dates shall be within the stated term of the Water Supply Contracts;

(4) The interest rate or rates of the Bonds of such Series, or the manner of determining such rate or rates, and the record dates and interest payment dates for the Bonds of such Series;

(5) The Paying Agent or Paying Agents, if any, for the Bonds of such Series and the place or places of payment (which may include the office of the Treasurer in Sacramento, California) of the principal and Redemption Price, if any, of, and interest on, the Bonds of such Series;

(6) The Redemption Price or Prices and the redemption terms, if any, for the Bonds of such Series, including the period for notice of redemption, or the manner of determining such prices and terms;

(7) The amount and due date of each Sinking Fund Installment, if any, for Term Bonds of such Series, or the manner of determining such amounts and dates;

(8) The denominations of the Bonds of such Series;

(9) The form of the Bonds of such Series, including the certificate of authentication, if any;

(10) The Bonds of such Series designated Serial Bonds, if any, and the Bonds of such Series designated Term Bonds, if any, or the manner of determining such designations;

(11) The provisions for placing moneys in the Reserve Account so that on the first interest payment date when interest on the Bonds of such Series is to be paid from the Interest Account, the Reserve Account shall contain an amount at least equal to the Reserve Account Requirement on such date;

(12) If such Series of Bonds is being issued for one of the purposes of Section 205, the amount, if any, of the proceeds of the sale of such Bonds to be transferred in reimbursement to the State of California pursuant to Section 502;

(13) If such Series of Bonds is being issued for one of the purposes of Section 205, any period during which interest on the Bonds of such Series shall be paid from the Construction Fund and any period during which Delta Program Operating Expenses shall be paid from the Construction Fund, or the manner of determining such periods;

(14) If such Series of Bonds is being issued for one of the purposes of Section 205, the amount of the proceeds of the sale of such Bonds, if any, to be allocated to the Delta Program Planning Cost Account and made available for Delta Program Planning Costs;

(15) The tax covenants, if any, applicable to such Series of Bonds as authorized by Section 810; and

(16) Any other provisions deemed advisable by the Department, not in conflict with or in substitution for the provisions of the Resolution (except as expressly permitted in the Resolution).

(B) All (but not less than all) of the Bonds of each Series shall be executed by the Department for issuance under this Resolution and delivered to the Treasurer and thereupon shall be authenticated and delivered by the Treasurer to the Department or upon its order but only upon receipt by the Treasurer of the following:

(1) A copy of the Supplemental Resolution pursuant to which the Bonds of such Series are issued, signed or certified by the Director;

(2) The written order of the Department, signed by the Director, as to the delivery of the Bonds of such Series and including therein such items or matters as may have been required to be determined pursuant to subsection (A) of this Section 204 and such Supplemental Resolution;

(3) A Certificate of the Department containing, as required by Section 11701 of the Act, the following: (a) preliminary cost estimates for the phase of the Delta Program to be financed by such Bonds, (b) an estimate of the amount required to be raised for the purposes of that phase by the issuance of such Bonds, (c) a statement of the probable amount of money, property, materials, or labor, if any, to be contributed from other sources in aid thereof, and (d) a certification that the amount to be raised by the issuance of such Bonds is not in excess of that estimated to be required for those purposes;

(4) A Certificate of the Department stating (a) for the current Year and for each subsequent Year to and including the Year of the latest maturity date of the Bonds (i) estimated Revenues of the Delta Program, (ii) estimated Delta Program Operating Expenses of the Delta Program to be paid from the Revenue Fund, and (iii) Annual Debt Service to be paid from the Revenue Fund of all Bonds to be Outstanding immediately

after the delivery of the Bonds of such Series and of all Bonds, if any, which shall be required to be issued to pay the balance of the Delta Program Capital Costs (for the purpose of calculating Annual Debt Service on such additional Bonds, there shall be assumed substantially level debt service for a period not greater than the economic useful life of the Delta Program at an interest rate equal to the then current rate for bonds of like rating and maturity); and (b) that in each of such years such estimated Revenues for such Year are not less than the sum of (i) 1.25 times such Annual Debt Service for such Year to be paid from the Revenue Fund, plus (ii) such estimated Delta Program Operating Expenses for such Year to be paid from the Revenue Fund;

(5) A Certificate of the Department stating that on the first interest payment date when interest on the Bonds of such Series is to be paid from the Interest Account, the Reserve Account is projected to contain an amount at least equal to the Reserve Account Requirement on such date;

(6) A Certificate of the Department stating that, upon the authentication and delivery of the Bonds of such Series, the Department will not be in default in the performance of any of the provisions of this Resolution or of any of the Bonds; and

(7) Such further documents and moneys as are required by Section 205 or Section 206.

(C) Bonds of any Series in anticipation of which the Department intends to issue Bond Anticipation Bonds shall be the subject of a Supplemental Resolution adopted by the Department prior to the issuance of such Bond Anticipation Bonds, which Supplemental Resolution shall specify:

(1) The purposes for which such Series of Bonds is to be issued, which shall include, as applicable, the payment of Delta Program Capital Costs (including the reimbursement of amounts expended by the State of California to pay Delta Program Capital Costs as specified in Section 502) and refunding purposes, and shall specify that the proceeds of such Bonds shall be used to refund any Bond Anticipation Bonds issued in anticipation of such Bonds and outstanding when the Bonds are issued;

(2) The maximum principal amount of the Bonds of such Series and the designation of the Bonds of such Series;

(3) The latest permitted final maturity date of the Bonds of such Series; *provided*, that such final maturity date shall be within the stated term of the Water Supply Contracts;

(4) Any other provisions deemed advisable by the Department, not in conflict with or in substitution for the provisions of the Resolution (except as expressly permitted in the Resolution).

Such Supplemental Resolution shall be amended or supplemented by the Department, after the issuance of such Bond Anticipation Bonds and prior to the issuance of the Bonds of such Series so that such Supplemental Resolution, as so amended or supplemented, and

the Bonds of such Series when issued, comply with Section 204(A). Such Supplemental Resolution, as amended or supplemented, may also provide for the issuance of additional Bonds for the purposes of Sections 205 and 206, provided, that the requirements of Section 11755 of the Act are met with respect to the payment of such Bond Anticipation Bonds.

SECTION 205. [Special Provisions for Bonds for Delta Program Capital Costs.](#)

The Department may at any time hereafter issue one or more Series of Bonds to obtain moneys for the payment of Delta Program Capital Costs and for deposit in the Reserve Account in accordance with Section 501. Each such Series of Bonds shall be authenticated and delivered by the Treasurer only upon the receipt by the Treasurer of the following (in addition to the documents required by Section 204):

(A) If the Supplemental Resolution pursuant to which the Series of Bonds is issued provides for proceeds of the sale of the Bonds to be available for Delta Program Planning Costs (including, but not limited to, for reimbursement of counterparties to Water Supply Contracts and other parties who have advanced amounts to the Department to pay such costs), a Certificate of the Department stating that in the opinion of the Department moneys are then required for such costs, stating an estimate of the amount of moneys required for such purposes, and stating that no Bonds or other obligations are Outstanding that have been issued by the Department for the costs of construction of Delta Program facilities;

(B) If the Supplemental Resolution pursuant to which the Series of Bonds is issued provides for proceeds of the sale of Bonds to be available for Delta Program Capital Costs other than Delta Program Planning Costs, a Certificate of the Department stating that in the opinion of the Department moneys are then required for such costs, stating an estimate of the amount of moneys required for such purposes, and stating that all conditions precedent to the commencement of acquisition or construction of any Delta Program facilities to be acquired or constructed with the proceeds of such Series of Bonds established by law have been satisfied;

(C) A Certificate of the Department setting forth that all of the proceeds to be received by the Department from the sale of the Bonds of such Series are to be placed in the Construction Fund in accordance with Section 501, concurrently with the issuance of the Bonds of such Series, and that the Department and the Treasurer have taken, or are to take, all action necessary to cause such proceeds, in the amounts required by this Resolution and the Supplemental Resolution pursuant to which the Bonds of such Series are issued, to be reimbursed to the State of California or to be allocated to such funds or accounts as are required by this Resolution and such Supplemental Resolution; and

(D) Moneys in an amount at least equivalent to the proceeds of the sale of the Bonds of such Series, including an amount equivalent to interest on the Bonds of such Series accrued to the date of delivery.

SECTION 206. [Special Provisions for Refunding Bonds.](#)

(A) The Department may at any time hereafter issue, subject to the applicable law at the time of such issuance, one or more Series of Bonds for refunding purposes. Any bonds, notes or other evidences of indebtedness issued to obtain moneys for the payment of the

costs of construction or acquisition of the Delta Program (whether specified as the Delta Program before or after construction or acquisition) or for the purpose of refunding bonds, notes or other evidences of indebtedness issued for such purposes may be paid at or (subject to the applicable redemption provisions) before maturity from the proceeds of Refunding Bonds. Refunding Bonds may be issued in a principal amount (together with any other funds available or to become available) sufficient to provide funds for the payment of all or any of the following:

- (1) The principal or Redemption Price (if applicable) of all bonds, notes or other evidences of indebtedness to be refunded;
- (2) Expenses of calling and paying the bonds, notes or other evidences of indebtedness to be refunded and issuing the Refunding Bonds, including the difference between the principal amount of the Refunding Bonds and any amount less than such principal amount for which the Refunding Bonds may be sold;
- (3) Interest on the Refunding Bonds to the date of payment of the bonds, notes or other evidences of indebtedness to be refunded;
- (4) Interest on the bonds, notes or other evidences of indebtedness to be refunded to the date of payment of such bonds, notes or other evidences of indebtedness; and
- (5) Any appropriate deposit to the Reserve Account.

A Series of Refunding Bonds may be issued to provide for the retirement of all or any part of any issue at any time at, before or after the maturity of any such issue.

(B) Each Series of Refunding Bonds shall be authenticated and delivered by the Treasurer only upon the receipt by the Treasurer of the following (in addition to the documents required by Section 204):

- (1) Funds sufficient, in the opinion of the Treasurer, to pay or redeem the bonds, notes or other evidences of indebtedness to be refunded. The funds deposited by the Department with the Treasurer shall be cash or Government Obligations (maturing on or prior to the date when cash shall be required) or a combination of cash and Government Obligations. If the Supplemental Resolution pursuant to which such Series of Refunding Bonds is issued so provides, interest or other income on Government Obligations shall be deemed to be included in the funds so deposited.
- (2) Instructions by the Department to the Treasurer, expressed to be irrevocable, to give the notice of redemption, as provided in Section 403 (or a waiver of the notice of redemption signed by the Holders of all of the bonds, notes or other evidences of indebtedness to be redeemed) or proof that such notice has been duly given; provided, that in lieu of such instructions or waiver or proof of notice of redemption, the Department may cause to be deposited with the Treasurer all of the bonds, notes or other evidences of indebtedness proposed to be redeemed (whether cancelled or uncanceled, accompanied by proper instruments of assignment and transfer), with instructions,

expressed to be irrevocable, to the Treasurer to cancel the bonds, notes or other evidences of indebtedness so to be redeemed upon the issuance and delivery of Refunding Bonds.

The proceeds of the sale of the Refunding Bonds shall be applied by the Treasurer to the payment of the bonds, notes or other evidences of indebtedness for the refunding of which such Refunding Bonds are issued or to the payment of the purchase price of the Government Obligations to be held by the Treasurer to ensure the payment of the bonds, notes or other evidences of indebtedness to be refunded, and to the expenses described in this section. All bonds, notes or other evidences of indebtedness purchased, redeemed or retired by use of funds received from the sale of Refunding Bonds and all bonds, notes or other evidences of indebtedness surrendered to the Treasurer against the issuance of Refunding Bonds shall be immediately cancelled by the Treasurer and shall not be reissued.

SECTION 207. Validity of Bonds. The validity of the Bonds shall not be dependent upon or affected in any way by (A) the proceedings taken or to be taken by the Department for the acquisition, construction or completion of the Delta Program, or (B) any contracts made by the Department in connection therewith, or (C) the failure on the part of the Department to complete the Delta Program or to maintain the same or to make all necessary improvements thereto or replacements thereof or any part thereof, or (D) the acquisition or maintenance by the Department of all rights, licenses or permits necessary for the operation of the Delta Program.

The recital contained in the Bonds that the same are issued pursuant to the Act shall be conclusive evidence of the validity and regularity of their issuance and all such Bonds shall be incontestable from and after the time of payment of the purchase price thereof.

ARTICLE III

GENERAL TERMS AND PROVISIONS OF BONDS

SECTION 301. Form, Numbering, Date and Payment of Interest. The definitive Bonds shall be in the form of fully registered Bonds without coupons.

The form of the Bonds and the certificate of authentication, if any, shall be as provided by Supplemental Resolution in accordance with Section 204(A)(9). The Bonds may have endorsed thereon such notations, endorsements or legends as may be required to comply with the rules of any national securities exchange or to conform to usage or law with respect thereto. The Bonds may contain such variations, omissions and insertions as are incidental to differences of Series, numbering, denomination and form.

The Bonds shall bear numbers in accordance with such plan as may be adopted by the Department.

The Bonds of each Series shall be dated as specified in the Supplemental Resolution pursuant to which such Series is issued in accordance with Section 204(A)(3).

Except as may be otherwise provided for specified Bonds by the Supplemental Resolution pursuant to which such Bonds are issued, each Bond shall bear interest from the

interest payment date next preceding the date of authentication thereof, unless such date of authentication is during the period from any record date for such Bond to any interest payment date for such Bond, inclusive, in which event it shall bear interest from such interest payment date, or unless such date of authentication is prior to the first interest payment date for such Bond, in which event it shall bear interest from its date; provided, that if at the time of authentication of any Bond, interest is in default on such Bond, it shall bear interest from the interest payment date to which interest has previously been paid or made available for payment on such Bond.

SECTION 302. Maturity Dates, Interest Payment Dates and Sinking Fund Installment Dates. All maturity dates and interest payment dates of Bonds and due dates of Sinking Fund Installments shall fall on such dates as shall be specified by the Supplemental Resolution pursuant to which such Bonds are issued.

SECTION 303. Medium, Place and Procedure of Payment. The principal or Redemption Price of, and interest on, the Bonds shall be payable in lawful money of the United States of America, at such place or places as may be designated in the Bonds of each Series. Except to the extent otherwise provided for specified Bonds by the Supplemental Resolution pursuant to which such Bonds are issued, payment of the interest on each Bond shall be made to the person appearing on the registration books for such Bond as the registered owner thereof as of the close of business on the record date for such Bond immediately preceding the applicable interest payment date, such interest or principal to be paid by check, warrant or draft mailed or delivered to the registered owner at such registered owner's address as it appears on such registration books or at such address as such registered owner may have filed for that purpose with the Treasurer or other registrar designated by Supplemental Resolution or by wire transfer to such account as such registered owner may have filed for that purpose with the Treasurer or other registrar designated by Supplemental Resolution. The principal or Redemption Price of Bonds may be made payable in the same manner as interest or may be made payable upon presentation and surrender of the Bonds to be paid as specified in such Bonds.

SECTION 304. Execution. All of the Bonds shall be executed in the name of and on behalf of the Department, and under its seal, with the facsimile signature of the Director and the facsimile countersignature of the Governor of the State of California. The facsimile seal of the Department may be reproduced on the Bonds by imprinting, lithography, or other reproductive process.

In case any person whose official signature or countersignature appears on Bonds shall cease to hold such office before the Bonds so signed shall have been delivered to the purchasers thereof, such signature or countersignature shall nevertheless be valid and sufficient for all purposes the same as if such person had remained in office until the delivery of such Bonds, and by the presentation of such Bonds to the Treasurer for authentication such signature or countersignature shall be adopted by the Department, and such Bonds may be authenticated and delivered as herein provided and thereupon such Bonds shall be issued and Outstanding hereunder and shall be binding upon the Department as though the person who signed such Bonds had held such office on the date of adoption of this Resolution, on the date borne by the Bonds and also on the date of delivery to the purchaser thereof.

SECTION 305. [Authentication by Treasurer](#). The Bonds shall bear thereon a certificate of authentication, executed by the Treasurer, any deputy of the Treasurer or any other authenticating agent designated by Supplemental Resolution. Only such Bonds as shall bear thereon such certificate of authentication shall be entitled to any right or benefit under this Resolution and no Bond shall be valid for any purpose under this Resolution until such certificate of authentication shall have been duly so executed. Such certificate of authentication upon any Bond shall be conclusive evidence that the Bond so authenticated has been duly issued under this Resolution and that the Holder thereof is entitled to the benefits of this Resolution.

SECTION 306. [Negotiability](#). All the Bonds issued pursuant to this Resolution shall be negotiable, subject to the provisions for registration and transfer contained in this Resolution and in the Bonds. The Department, the Treasurer, the Paying Agents, and any other person may treat the registered owner of any Bond as the absolute owner of such Bond for the purpose of receiving payment thereof and for all other purposes, and the Department, the Treasurer and the Paying Agents shall not be affected by any notice or knowledge to the contrary, whether such Bond shall be overdue or not. All payments of or on account of principal and interest to the registered owner of any registered Bond (or to his registered assigns) shall be valid and effectual to discharge the Department, the Treasurer and the Paying Agents from liability upon the Bond or claim for interest, as the case may be, to the extent of the sums so paid.

SECTION 307. [Registration](#). So long as any of the Bonds shall remain Outstanding, the Department shall keep, at the office of the Treasurer in Sacramento, California, or at the office of such other registrar as may be designated by Supplemental Resolution, books for the registration and transfer of Bonds. The Department shall register or cause to be registered in such registration books all Bonds and shall permit to be transferred on such registration books any Bond that is presented for such purpose at the office of the Treasurer or such other registrar.

SECTION 308. [Transfer of Bonds](#). Transfer of a Bond shall be effected on the registration books of the Department in Sacramento, California, or at the office of such other registrar or authenticating agent as may be designated by Supplemental Resolution, upon surrender of such Bond at such office, together with a satisfactory instrument of transfer. Upon such surrender, the Department shall execute, and the Treasurer, or such other registrar or authenticating agent, shall authenticate, in the name of the transferee, and deliver a new Bond or Bonds of the same Series, maturity and aggregate principal amount as the surrendered Bond.

SECTION 309. [Exchange of Bonds](#). Bonds of any Series may be exchanged for Bonds of other denominations, of the same Series, maturity and aggregate principal amount upon the surrender thereof, together with satisfactory instruments of transfer, at the office of the Treasurer or at the office of such other registrar or authenticating agent as may be designated by Supplemental Resolution.

The Treasurer, or such other registrar or authenticating agent, shall authenticate and deliver the Bond or Bonds necessary to make such exchange.

SECTION 310. [Regulations with Respect to Registration, Exchange and Transfer](#). As a condition of any registration, transfer, or exchange of a Bond, the Department may

require the payment of a sum sufficient to reimburse it for any stamp tax or other governmental charge that may be imposed on such transaction. No other payment shall be required for any registration, transfer, or exchange of a Bond. The Department and the Treasurer may prescribe such other regulations governing the registration, exchange, and transfer of Bonds as may be reasonable and in accordance with the provisions of this Resolution and the Bonds.

SECTION 311. [Bonds Mutilated, Destroyed, Stolen or Lost](#). In case any Bond shall become mutilated or be destroyed, stolen or lost, the Department shall execute, and thereupon the Treasurer, or such other registrar or authenticating agent as may have been designated by Supplemental Resolution, shall authenticate and deliver, a new Bond of like Series, maturity and principal amount as the Bond so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender of such mutilated Bond or in lieu of and substitution for such Bond destroyed, stolen or lost, upon filing with the Treasurer, or such other registrar or authenticating agent, evidence satisfactory to the Department and the Treasurer that such Bond has been destroyed, stolen or lost and proof of ownership thereof; and upon furnishing the Department, the Treasurer and such other registrar or authenticating agent with indemnity satisfactory to them and paying such reasonable expenses as the Department, Treasurer and such other registrar or authenticating agent may incur.

SECTION 312. [Preparation of Definitive Bonds; Temporary Bonds](#). Except as provided in Section 313, the definitive Bonds, if any, shall be fully engraved or lithographed, or printed on steel engraved borders, and shall be prepared by the Department without unnecessary delay. Until definitive Bonds are prepared, the Department may deliver, in lieu of such definitive Bonds, one or more temporary Bonds. The temporary Bonds may be printed, lithographed or typewritten and shall be in such denominations as may be determined by the Department. Temporary Bonds may be surrendered in exchange for temporary Bonds of like Series, maturity and aggregate principal amount. When the definitive Bonds, if any, have been prepared, the temporary Bonds may be surrendered by the registered owner thereof, and the Department will thereupon deliver or cause to be delivered therefor definitive Bonds, of the same Series, maturity and aggregate principal amount as the temporary Bonds surrendered. Until exchanged for definitive Bonds, temporary Bonds shall in all respects be entitled to the same benefits and security as definitive Bonds.

SECTION 313. [Book Entry Registration of Exchanges](#).

(A) Notwithstanding any of the provisions of Sections 304 through 312 to the contrary, the Supplemental Resolution providing for the issuance of a Series of Bonds may provide: (1) that one or more typewritten, printed or electronically stored Bonds shall be delivered upon initial issuance to, and registered in the name of, or in the name of one or more nominees of, one or more bond depositories, (2) that such Bonds may not be exchanged, transferred or replaced on the registration books maintained pursuant to Section 307, subject to such exceptions as may be provided by such Supplemental Resolution, (3) that, while any such Bond is held by such a bond depository, the Department, the Treasurer, any Paying Agent, and any registrar for such Bond may treat the bond depository as the absolute owner of such Bond for all purposes and shall have no liability with respect to (a) the accuracy of the records of such bond depository or any participant with respect to any ownership interest in such Bond, (b) the delivery to any participant, any beneficial owner or any other Person, other than such bond

depository, of any notice with respect to such Bond, including any notice of redemption, or (c) the payment to any participant, any beneficial owner or any other Person, other than such bond depository, of any amount with respect to the principal or Redemption Price of or interest on such Bond.

(B) In the alternative, notwithstanding any of the provisions of Sections 304 through 312 to the contrary, the Supplemental Resolution providing for the issuance of a Series of Bonds may provide: (1) that one or more typewritten, printed or electronically stored Bonds shall be delivered upon initial issuance to, and registered in the name of, or in the name of one or more nominees of, the Treasurer or any other registrar for such Series of Bonds, in order to set forth the terms of such Bonds in the same manner as for Bonds that are subject to exchange, transfer and replacement in written certificated form, (2) that no Person other than the Treasurer or such other registrar may receive an authenticated Bond, subject to such exceptions as may be provided by such Supplemental Resolution, (3) that the ownership of such Bonds shall be evidenced solely by the bond registration books of the Treasurer or such other registrar, and (4) that the transfer of the ownership of such Bonds shall take place subject to such regulations as may be provided by such Supplemental Resolution.

ARTICLE IV

REDEMPTION OF BONDS

SECTION 401. [Right of Redemption, Redemption Prices, and Notice to Treasurer.](#) Bonds made subject to redemption prior to maturity by a Supplemental Resolution in accordance with Section 204(A)(6) shall be redeemable at such times, at such Redemption Prices, and upon such terms as may be specified in or pursuant to such Supplemental Resolution and in the manner set forth in this Article IV. The Department shall give written notice to the Treasurer of its election to redeem Bonds which are subject to optional redemption (redemption other than from Sinking Fund Installments) and of the date fixed for redemption, which notice shall be given at least sixty (60) days prior to the date fixed for redemption or at such earlier or later date as shall be acceptable to the Treasurer.

SECTION 402. [Selection of Bonds to be Redeemed.](#) Whenever less than all of the Outstanding Bonds of a Series or portion thereof are to be redeemed, the Treasurer shall select the Bonds to be redeemed by lot in any manner the Treasurer deems fair. For such purpose the Treasurer shall assign to each Outstanding Bond of a denomination larger than the minimum denomination of the Bonds of such Series and maturity a distinctive number for each portion of such Bond equal to such denomination. If less than all the numbers so assigned to a Bond are drawn, only such portion of such Bond shall be redeemed as shall equal the amount of such denomination for each number assigned to it and drawn. For the purposes of this section, a Bond, or a portion thereof, which has already been selected for redemption shall not be deemed Outstanding.

SECTION 403. [Notice of Redemption.](#) Notice of redemption of Bonds shall be given, during the period provided for such Bonds by or pursuant to the Supplemental Resolution pursuant to which such Bonds are issued, by mail to each of the registered owners of Bonds designated for redemption at their addresses appearing on the bond registration books on the date

the Bonds to be redeemed are selected. Such notice of redemption shall (A) specify the Series, maturities and numbers (individually or by group) of the Bonds of such owner selected for redemption and, in the case of any Bond to be redeemed only in part, the portion of the principal amount of such Bond to be redeemed; (B) state the date fixed for redemption; (C) state the Redemption Price or Prices; (D) state that the Bonds selected for redemption are required to be surrendered at the place or places designated for payment with a satisfactory instrument of transfer; and (E) state that interest on the Bonds or portions thereof selected for redemption will cease to accrue on the date fixed for redemption. The receipt of such notices shall not be a condition precedent to such redemption and the failure to so receive any such notice shall not affect the validity of the proceedings for the redemption of such Bonds.

Upon the written request of the Department, any notice of redemption may be cancelled by giving notice of such cancellation, in the same manner as for giving notices of redemption, at any time prior to the date fixed for redemption designated in such notice of redemption.

SECTION 404. [Transfer of Redemption Money](#). Whenever notice of redemption has been given in accordance with Section 403, the Treasurer shall take any and all actions necessary to make available at the place or places of payment for the Bonds designated for redemption, out of moneys available hereunder for such purpose, a sum of money sufficient to redeem such Bonds or portions thereof designated for redemption and to pay the interest which will accrue thereon to the date fixed for redemption. Moneys so made available shall be held in trust to be applied on or after such date fixed for redemption to the payment of the Redemption Price of such Bonds or portions thereof and such accrued interest in accordance with Section 405.

SECTION 405. [Payment of Redeemed Bonds](#). The Bonds or portions thereof called for redemption in accordance with Section 403 shall become due and payable on the designated date fixed for redemption at the Redemption Price, together with interest accrued to the date fixed for redemption. Upon presentation and surrender of any such Bond at any of the places designated for payment, together with satisfactory instruments of transfer, the Redemption Price, together with interest accrued on such Bond or the portion thereof designated for redemption to the date fixed for redemption, shall be paid to the registered owner of such Bond (or to his registered assigns). If less than all of a Bond is designated for redemption, upon presentation and surrender of such Bond together with a satisfactory instrument of transfer, payment of the portion of such Bond designated for redemption shall be made and one or more Bonds of like Series and maturity and for an aggregate principal amount equal to the unredeemed balance of the principal of such Bond shall be delivered to the registered owner of such Bond without expense to such owner.

No Bonds shall be issued hereunder in place of redeemed Bonds, except in place of the unredeemed balance of a registered Bond redeemed in part only as provided above.

SECTION 406. [Effect of Notice and Availability of Redemption Money](#). If, on the date fixed for redemption, moneys equal to the Redemption Price of Bonds or portions thereof designated for redemption, together with interest accrued thereon to the date fixed for redemption, shall be held by the Treasurer for such Bonds so as to be available for payment of

such Redemption Price and interest on such date, and if notice of redemption shall have been mailed as provided in Section 403, then (A) such Bonds or portions thereof, whether or not presented for redemption, shall cease to be entitled to any benefit under this Resolution other than the right to receive payment of the Redemption Price together with accrued interest to the date fixed for redemption; (B) no interest shall accrue on such Bonds or portions thereof after the date fixed for redemption; and (C) except as to the portion not designated for redemption of any Bond designated for redemption only in part, the Redemption Price of and accrued interest on such Bonds shall be payable only from the moneys held by the Treasurer for such Bonds for that purpose pursuant to Section 404.

ARTICLE V

APPLICATION OF BOND PROCEEDS

SECTION 501. [Disposition of Bond Proceeds](#). The proceeds of the sale of the Bonds shall be paid by the purchasers thereof directly to the Treasurer. The Treasurer shall promptly deposit the proceeds of the sale of all Bonds issued for one of the purposes of Section 205 to the credit of the Construction Fund, provided that the proceeds of sale of any Series of Bonds in anticipation whereof Bond Anticipation Bonds shall have been issued may be used to the extent required to pay such Bond Anticipation Bonds, and provided that an amount of the proceeds of a Series of Bonds not exceeding the portion of the Reserve Account Requirement allocable to such Series of Bonds or such larger amount as may be specified by Supplemental Resolution pursuant to which a Series of Bonds is issued may, to the extent permitted by law, be deposited in the Reserve Account.

SECTION 502. [Reimbursement to State of California for Delta Program Capital Costs](#). Out of the proceeds of the sale of Bonds issued for one of the purposes of Section 205 the Treasurer shall transfer to such fund or account in the Treasury as is legally available to receive such moneys and designated by the Department the amount, if any, determined by the Department to have been expended by the State of California, on or prior to the date of delivery of the first Series of Bonds for the Delta Program, to pay Delta Program Capital Costs. The amount, if any, of the proceeds of the sale of each Series of Bonds to be so transferred shall be specified in accordance with Section 204(A)(12) in the Supplemental Resolution pursuant to which such Series is issued. The transfers required by this section shall constitute full reimbursement to the State of California for moneys expended, on or prior to the date of delivery of the first Series of Bonds, to pay Delta Program Capital Costs. Proceeds transferred pursuant to this section shall not be subject to the charge and lien established by Section 802 to secure payment of the principal or Redemption Price of, and interest on, the Bonds, or be subject to any other provision of this Resolution.

SECTION 503. [Establishment of Accounts in Construction Fund; Application of Moneys in Such Accounts](#). The Department shall establish and maintain a separate account in the Construction Fund for the proceeds of the sale of each Series of Bonds issued for one of the purposes of Section 205, and shall allocate to such account the proceeds remaining after making any deposits or transfers appropriate under Sections 501, 502 and 504. The Department may establish such subaccounts in such Series accounts as are necessary or desirable to carry out the requirements of this Resolution or any Supplemental Resolution.

Moneys in a Series account shall be applied to pay Delta Program Capital Costs, including the payment of interest on Bonds and Delta Program Operating Expenses during any period specified by Supplemental Resolution. Moneys in a Series account may, to the extent permitted by law, be transferred to the Reserve Account in an amount not exceeding the portion of the Reserve Account Requirement allocable to the Series of Bonds for which such Series account was established upon the filing with the Treasurer of a Certificate of the Department requesting such transfer. Application of moneys in a Series account to pay interest shall be upon the claim of the Treasurer.

Application of moneys in a Series account to pay Delta Program Capital Costs other than interest shall be upon the claim of the Department; provided, that there shall be retained in each Series account at all times sufficient moneys to pay all interest thereafter to become due on the Bonds of such Series during any period specified by Supplemental Resolution when interest is to be paid from the Construction Fund. Each such claim of the Department shall be accompanied by a Certificate of the Department describing the costs to be paid with the money demanded and stating that such costs are Delta Program Capital Costs.

SECTION 504. Delta Program Planning Cost Account. In the event a Supplemental Resolution pursuant to which a Series of Bonds is issued provides, in accordance with Section 204(A)(14), that a portion of the proceeds of such Series of Bonds shall be made available for Delta Program Planning Costs, the Department shall establish and maintain the Delta Program Planning Cost Account in the Construction Fund. The amount of proceeds specified in any Supplemental Resolution to be made available for Delta Program Planning Costs shall be allocated by the Department to the Delta Program Planning Cost Account. Moneys in the Delta Program Planning Cost Account shall be applied only to pay or reimburse Delta Program Planning Costs.

SECTION 505. Disposition of Moneys Remaining in Construction Fund. The Department may at any time file with the Treasurer a Certificate of the Department with respect to the disposition of the moneys remaining in the Series account of the Construction Fund or the Delta Program Planning Cost Account. Such Certificate shall state: (A) the amount, if any, that will be required to be retained in such Series account to pay for specified Delta Program Capital Costs or Delta Program Planning Costs; (B) the amount, if any, that will be required to be transferred to the Interest Account created by Section 602 to provide for the payment of interest on Bonds; and (C) if there is money in such Series account or Delta Program Planning Cost Account in excess of that required for (A) and (B) above, the fund or account to which such excess shall be transferred. The Treasurer shall transfer to the Interest Account and to such other fund or account the respective amounts, if any, stated in such Certificate to be required to be so transferred. If, pursuant to such Certificate of the Department, money is retained in the Series account to pay for specified Delta Program Capital Costs or Delta Program Planning Costs, when such specified costs have been paid the Department shall so state in a subsequent Certificate of the Department filed with the Treasurer, and the Treasurer shall thereupon transfer any moneys then remaining in the Series account to another legally permissible fund or account as directed by such Certificate.

ARTICLE VI

APPLICATION OF REVENUES

SECTION 601. Receipt and Deposit of Revenues. All Revenues received shall be promptly paid over to the Treasurer and deposited by the Treasurer to the credit of the Revenue Fund.

SECTION 602. Establishment of Accounts in Revenue Fund; Allocation of Revenues to Such Accounts. The Department shall establish and maintain the following accounts in the Revenue Fund: Interest Account, Principal Retirement Account, Operating Account, Reserve Account, and Surplus Account. The Department shall allocate Revenues, when received, to the Interest Account, the Principal Retirement Account, the Operating Account, the Reserve Account, and the Surplus Account, in that priority, in the amounts respectively set forth for such accounts in Sections 603, 604, 605, 606, and 607.

SECTION 603. Interest Account. The Department shall allocate to the Interest Account on or before each interest payment date for Bonds, an amount equal to the interest on the Bonds that shall become due on such interest payment date; provided, that Revenues shall be allocated to the Interest Account only to the extent that the sum of the amount contained therein plus the amount contained in the Construction Fund and available to pay interest on such interest payment date is less than the amount of interest on the Bonds that shall become due on the next interest payment date.

Moneys in the Interest Account shall be applied only to the purpose of paying the interest on the Bonds as such interest becomes due and payable (including accrued interest on any Bonds purchased or redeemed hereunder).

SECTION 604. Principal Retirement Account. The Department shall allocate to the Principal Retirement Account on or before each maturity date for Bonds and each date for the payment of any Sinking Fund Installment (collectively, "principal installment dates"), an amount equal to the sum of (A) the principal amount of any Serial Bonds that shall become due on such date, plus (B) any Sinking Fund Installments that shall become due on such date; provided, that Revenues shall be allocated to the Principal Retirement Account only to the extent that the amount contained therein is less than such sum.

Moneys in the Principal Retirement Account shall be applied only to the purposes of (A) paying, through purchase or payment at maturity, the principal amount of Serial Bonds becoming due or, (B) paying the principal amount of Term Bonds of appropriate Series and maturities through purchase, redemption or payment at maturity. The Treasurer shall timely commence, in accordance with Article IV, proceedings for the redemption of Term Bonds of the Series entitled to each Sinking Fund Installment in an aggregate principal amount which can be redeemed with moneys remaining available for the redemption of such Bonds.

The Treasurer may use moneys in the Principal Retirement Account to purchase Bonds of any Series and maturity becoming due or to be redeemed on the next principal installment date at public or private sales at such times and at such prices as the Treasurer deems

advisable; provided, that the Treasurer shall not purchase at prices (including brokerage and other expenses but excluding accrued interest) that exceed the principal amount.

SECTION 605. Operating Account. The Department shall allocate to the Operating Account during each Year an amount equal to the amount previously estimated by the Department to be required in such Year for Delta Program Operating Expenses. On or before the beginning of each Year, the Department shall prepare and furnish to the Treasurer an estimate of the amount required for Delta Program Operating Expenses in the next succeeding Year (including appropriate amounts for operating and replacement reserves, if any).

Moneys in the Operating Account shall be applied, upon the claim of the Department, only to the purpose of paying Delta Program Operating Expenses.

SECTION 606. Reserve Account. The Department shall allocate amounts to the Reserve Account if and to the extent required so that the amount in such account upon such allocation shall be equal to the Reserve Account Requirement. Any amount in the Reserve Account in excess of the Reserve Account Requirement may be transferred to any legally permissible fund or account designated by Certificate of the Department filed with the Treasurer.

Moneys in the Reserve Account shall be applied, upon the claim of the Treasurer, only to make good any deficiency in the Interest Account or the Principal Retirement Account, in that priority.

SECTION 607. Surplus Account. The Department shall allocate the balance of any Revenues to the Surplus Account.

Moneys in the Surplus Account may be applied, upon the claim of the Department, to any lawful purpose, including transfer to the revenue account of the California Water Resources Development Bond Fund. Money transferred to the California Water Resources Development Bond Fund shall not be subject to the charge and lien established by Section 802 to secure payment of the principal or Redemption Price of, and interest on, the Bonds, or be subject to any other provision of this Resolution.

ARTICLE VII

DEPOSIT, DISBURSEMENT AND INVESTMENT OF MONEYS HELD HEREUNDER

SECTION 701. Deposit, Disbursement and Investment. All moneys held in the Construction Fund or any account thereof or the Revenue Fund or any account thereof other than the Reserve Account pursuant to this Resolution shall be promptly deposited or invested by the Treasurer as permitted or required by law. Such deposits or investments need not be kept separate from other bank deposits of moneys in the Treasury.

Moneys in the Reserve Account shall be promptly invested to the extent practicable. Such moneys shall be invested only in Government Obligations or in the Surplus Money Investment Fund operated under the provisions of Sections 16470 et seq. of the Government Code of the State of California or its successor.

Moneys in accounts established in the Construction Fund or the Revenue Fund pursuant to this Resolution shall be disbursed or transferred by the Treasurer or the Department, as appropriate, only for the respective purposes specified: (A) for a Series account in the Construction Fund in Sections 503 and 505; (B) for the Delta Program Planning Cost Account in Section 504; (C) for the Interest Account in Section 603; (D) for the Principal Retirement Account in Section 604; (E) for the Operating Account in Section 605; (F) for the Reserve Account in Section 606; and (G) for the Surplus Account in Section 607.

In the event that moneys held in the Delta Program Planning Cost Account, the Operating Account, or the Surplus Account are required for debt service, the Department and the Treasurer shall take all actions necessary to disburse such moneys, in the amount required, for the payment of debt service.

All income from the deposit or investment of moneys in each Series account in the Construction Fund shall be credited to such Series account. All income from the deposit or investment of moneys in the Delta Program Planning Cost Account shall be credited to that account.

ARTICLE VIII

PARTICULAR COVENANTS OF THE DEPARTMENT

SECTION 801. [Payment of Bonds](#). The Department shall duly and punctually pay or cause to be paid the principal or Redemption Price of, and interest on, the Bonds in strict conformity with the terms of this Resolution and the Supplemental Resolutions and of the Bonds, and shall faithfully observe and perform all of the conditions, covenants and requirements of this Resolution and all Supplemental Resolutions and of the Bonds.

SECTION 802. [Security for Payment of Bonds](#). Payment of the principal or Redemption Price of, and interest on, the Bonds is secured by a first and direct charge and lien upon the Revenues and all moneys and securities held, and accounts established, under this Resolution by the Department, the Treasurer, or the Paying Agents, subject only to the provisions of this Resolution permitting the payment or use thereof for the purposes, in the manner, and upon the terms and conditions set forth in this Resolution.

SECTION 803. [Encumbrances on the Revenues; Sale or Other Disposition of the Delta Program](#). The Department shall not create, or permit to be created, any mortgage, lien or pledge on the Revenues equal or prior to the charge and lien of this Resolution, nor sell or otherwise dispose of all or any part of any Delta Program facility essential to the maintenance of Revenues in compliance with Section 805, nor enter into any lease or agreement which would materially adversely affect the rights or security of the Bondholders under this Resolution.

SECTION 804. [Payment of Delta Program Capital Costs](#). The Department shall pay all Delta Program Capital Costs from the proceeds of Bonds, or, to the extent that such proceeds may be insufficient for such purpose, from any moneys available to the Department for such purpose in the Construction Fund. The Department warrants, covenants and agrees that from and after the date of delivery of the first Series of Bonds for the Delta Program, it will not

use any moneys appropriated by the California Water Resources Development Bond Act (also referred to herein as the Burns-Porter Act) (Chapter 8, commencing with Section 12930, of Part 6 of Division 6 of the Water Code) to pay Delta Program Capital Costs, to the end that the entire Revenues shall be applied exclusively as in this Resolution provided for the benefit of the Bonds.

In the event that the Delta Program consists of a portion only of a resource or facility of the Department, the Department shall, subject to the availability of funds, pay all costs of acquisition, construction, operation and maintenance of such resource or facility which are apportioned by the Department other than to the Delta Program from funds appropriated by the Burns-Porter Act or other applicable law or advanced by other parties.

SECTION 805. Water Supply Contract Charges. The Department shall charge and collect amounts under the Water Supply Contracts sufficient to return the costs of the Delta Program for which Bonds have been authenticated and delivered without regard to whether or not the Department is able to construct, acquire or operate any Delta Program facilities. The total amount of Revenues receivable under all Water Supply Contracts in any Year shall be the sum of (A) 1.25 times the Annual Debt Service for such Year to be paid from the Revenue Fund, plus (B) the amount estimated by the Department, pursuant to Section 605, to be required from the Revenue Fund in such Year to provide for Delta Program Operating Expenses, plus (C) any amounts required by a Supplemental Resolution to be received as Revenues in order to place moneys in the Reserve Account so as to meet the requirement of Section 204(A)(11).

SECTION 806. Maintenance of Revenues. The Department shall at all times use its best efforts to maintain the Revenues from all sources in each Year at the amount specified in Section 805.

SECTION 807. Performance of Water Supply Contracts. The Department shall perform and observe all the obligations and conditions required to be performed and observed by it under the Water Supply Contracts at the times, and in the manner therein prescribed. The Department shall diligently enforce its rights under the Water Supply Contracts and shall not agree to any amendment to the Water Supply Contracts which would materially adversely affect the security of the Bonds.

SECTION 808. Compliance with Law and Resolution; Licenses and Permits. The Department shall do and perform or cause to be done and performed all acts and things required to be done and performed by or on behalf of the Department under law and this Resolution. The Department shall take all action necessary to obtain all licenses and permits needed for the acquisition, construction or operation of the Delta Program and shall perform and observe all of the obligations and conditions required to be performed and observed by it under such licenses and permits.

SECTION 809. Accounting Records and Financial Statements of the Department. The Department shall keep or cause to be kept proper books of record and account in which complete and accurate entries shall be made in accordance with industry standards of all transactions relating to the proceeds of Bonds, the Revenues, and all funds and accounts established pursuant to this Resolution.

Not later than two hundred ten (210) days after the end of each Fiscal Year of the Department, the Department will furnish to the Treasurer a detailed, certified report of audit, based on an examination sufficiently complete to comply with generally accepted auditing standards, prepared by an Independent Certified Public Accountant, covering the operations of the Delta Program for the Fiscal Year next preceding, and showing the Revenues and expenses (by major classification) for such period. There shall also be included with each audit report a written opinion of the Independent Certified Public Accountant, to the effect that in making the examination necessary in connection with said audit, no knowledge of any default by the Department in the fulfillment of any of the terms, covenants, provisions and conditions of this Resolution, or any Supplemental Resolution, was obtained or, if said accountant shall have obtained knowledge of any such default, a statement of the default or defaults thus discovered and the nature thereof.

Not later than two hundred ten (210) days after the end of each Fiscal Year of the Department, the Department shall also furnish to the Treasurer a certified report of audit, prepared by an Independent Certified Public Accountant, reflecting the financial condition and record of operation of the State Water Resources Development System.

The Department shall file with the Treasurer copies of all Supplemental Resolutions, all Water Supply Contracts, and all amendments to Water Supply Contracts.

All papers required to be filed with the Department and the Treasurer pursuant to this Resolution shall be available for inspection by Bondholders at the offices of the Department and the Treasurer in Sacramento, California.

SECTION 810. [Tax Covenants](#). The Department may include in any Supplemental Resolution covenants designed to preserve the exemption from federal income taxes for interest on a Series of Bonds, including, but not limited to, covenants concerning the rebate of excess investment earnings on moneys held under this Resolution.

SECTION 811. [Further Assurances](#). At any and all times the Department, insofar as it may be authorized by law, shall make, do, adopt, execute, acknowledge and deliver, all and every such further resolutions, acts, deeds, conveyances, assignments, transfers and assurances as may be reasonably required for effectuating the intention of this Resolution and for better assuring and confirming to the Bondholders the rights and benefits provided by this Resolution.

ARTICLE IX

THE TREASURER AND THE PAYING AGENTS

SECTION 901. [Appointment and Acceptance of Duties](#).

(A) The Treasurer by his or her signature affixed to this Resolution, agrees to perform the duties imposed upon the Treasurer by this Resolution.

(B) The Department may appoint one or more Paying Agents, registrars or authenticating agents for the Bonds of any Series in a Supplemental Resolution. Paying Agents,

registrars and authenticating agents shall perform such duties and obligations as are specified by such Supplemental Resolution.

(C) The Treasurer may from time to time appoint one or more additional Paying Agents for the Bonds of any Series having the qualifications required in Section 905 for appointment as a successor Paying Agent. A Paying Agent, registrar or authenticating agent shall signify its acceptance of the duties imposed upon it by executing and delivering to the Department and the Treasurer a written acceptance thereof.

SECTION 902. [Responsibility of Treasurer and Paying Agents](#). The statements of fact contained in this Resolution and in the Bonds are the statements of the Department. Neither the Treasurer, any Paying Agent, any registrar or any authenticating agent assumes any responsibility for the correctness of such statements, makes any representations as to the validity or sufficiency of this Resolution or of the Bonds issued hereunder, or shall incur any responsibility in respect thereof other than in connection with the duties or obligations herein or in the Bonds assigned to or imposed upon such person or entity or as otherwise required by law.

SECTION 903. [Evidence on Which Agents May Act](#). The Treasurer, any Paying Agent, any registrar or any authenticating agent shall be protected in acting upon any paper or document believed by such person or entity to be genuine, and to have been signed or presented by the proper party. The Treasurer, any Paying Agent, any registrar or any authenticating agent may consult with counsel, who may be counsel to the Department, and the opinion of such counsel shall be full and complete authorization and protection with respect to any action taken or suffered by such person or entity hereunder in accordance with such opinion and in good faith reliance thereon.

Whenever the Treasurer, any Paying Agent, any registrar or any authenticating agent shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be specifically required herein) may be deemed to be conclusively proved and established by a Certificate of the Department, and such Certificate shall be full warrant for any action taken or suffered pursuant to this Resolution in good faith reliance thereon; but in the discretion of the Treasurer, such Paying Agent, such registrar or such authenticating agent, such person or entity may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to such person or entity may seem reasonable.

SECTION 904. [Ownership of Bonds](#). Any Paying Agent, any registrar or any authenticating agent may become the owner of Bonds with the same rights it would have if it were not a Paying Agent, registrar or authenticating agent, and may act as depository for and permit any of its officers or directors to act as members of, or in any other capacity with respect to, any committee formed in the interest of Bondholders, whether or not such committee shall represent the holders of a majority in principal amount of the Bonds Outstanding hereunder.

SECTION 905. [Resignation or Removal of Agents and Appointment of Successors](#). Any Paying Agent, registrar or authenticating agent may at any time resign and be discharged of the duties imposed on it by this Resolution by giving not less than sixty (60) days

written notice of such resignation to the Department and the Treasurer, specifying the date when such resignation shall take effect. The resignation shall take effect upon the date specified in the notice to the Treasurer, unless a successor Paying Agent, registrar or authenticating agent is appointed by the Treasurer as provided in this section prior to such date, in which event the resignation shall take effect immediately upon the delivery to the Treasurer of the acceptance of the successor.

The Treasurer may at any time remove any Paying Agent, registrar or authenticating agent by giving such agent written notice of such removal, specifying the date when such removal shall take effect. Such removal shall become effective on the date specified or on the date on which a successor appointed pursuant to this section delivers to the Treasurer the written acceptance provided for in this section, whichever date occurs first. The Treasurer shall also give written notice of such removal to the Department.

Any successor Paying Agent shall be appointed by the Treasurer and shall:

- (A) be a bank or trust company,
- (B) be a member of the Federal Reserve System,
- (C) be authorized by law to perform all the duties imposed on it by this Resolution,
- (D) have capital funds (consisting of capital stock, paid in surplus, undivided profits, and debt securities which by their terms are subordinated in right of payment to claims of depositors and other creditors) of at least \$50,000,000, and
- (E) have an office for the transaction of business in the same city as its predecessor.

In the event of the resignation or removal of any Paying Agent, such agent shall forthwith pay over, assign and deliver any moneys held by it as Paying Agent to its successor or, if there be no successor, to the Treasurer, and shall, on the written request of the Department or the Treasurer, do such other things as may be reasonably required to transfer its rights, powers and duties under this Resolution and all properties, records and moneys held by it under this Resolution to its successor.

Any successor registrar or authenticating agent shall be appointed by the Treasurer and shall be authorized by law to perform all the duties imposed on it by this Resolution. In the event of the resignation or removal of any registrar or authenticating agent, such person or entity shall forthwith do such things as may be reasonably required to transfer its rights, powers and duties under this Resolution and all properties and records held by it under this Resolution to its successor.

SECTION 906. [Merger or Consolidation of Agents](#). Any company into which any Paying Agent, registrar or authenticating agent may be merged, converted or with which it may be consolidated, or any company resulting from any merger, conversion or consolidation to

which it shall be a party or any company to which any Paying Agent, registrar or authenticating agent may sell or transfer all or substantially all of the applicable part of its business, shall be the successor to such Paying Agent, registrar or authenticating agent without the execution or filing of any paper or the performance of any further act; provided, that any such successor Paying Agent, registrar or authenticating agent shall have the respective qualifications specified in Section 905.

ARTICLE X

REMEDIES OF BONDHOLDERS

SECTION 1001. Events of Default and Acceleration of Maturities. If one or more of the following events (herein called "events of default") shall happen, that is to say:

- (A) if default shall be made in the due and punctual payment of the principal or Redemption Price of any Bond when and as the same shall become due and payable, whether at maturity as therein expressed, or by proceedings for redemption, or otherwise;
- (B) if default shall be made in the due and punctual payment of any installment of interest on any Bond when and as such interest installment shall become due and payable;
- (C) if the Department shall fail or refuse to comply with any of the covenants, agreements or conditions on its part required to be complied with in this Resolution or in the Bonds contained (including the due and punctual allocation of moneys for Sinking Fund Installments) and such default shall have continued for a period of sixty (60) days after written notice thereof specifying such default and requiring the same to be remedied shall have been given to the Department by the Treasurer or to the Department and the Treasurer by the holders of not less than twenty-five percent (25%) in principal amount of the Bonds at the time Outstanding;

then and in each and every such case during the continuance of such event of default the Treasurer or the holders of not less than a majority in principal amount of the Bonds at the time Outstanding shall be entitled upon notice in writing to the Department to declare the principal of all of the Bonds then Outstanding and the interest accrued thereon to be due and payable immediately and upon any such declaration the same shall become immediately due and payable, anything contained in this Resolution or in the Bonds to the contrary notwithstanding.

SECTION 1002. Priority of Payments After Default. In the event that the moneys, securities, and accounts which secure the payment of the principal or Redemption Price of the Bonds and the payment of interest thereon shall be insufficient for such payment, such moneys, securities and accounts (other than funds held by the Treasurer or Paying Agents for the payment or redemption of particular Bonds which have theretofore become due at maturity or by call for redemption or for the payment of particular interest installments which have theretofore become due) and all Revenues thereafter received or collected, after making

provision for the payment of any expenses necessary in the opinion of the trustee appointed under Section 1004 to preserve the continuity of the Revenues, or to provide for the continuation of the Delta Program or otherwise to protect the interests of the Bondholders, and for the payment of the charges and expenses and liabilities incurred and advances made by the Treasurer and the Paying Agents in the performance of their duties under this Resolution, shall be applied as follows:

- (A) Unless the principal of all of the Bonds shall have become or have been declared due and payable,

First: To the payment of all installments of interest then due in the order of the maturity of such installments and if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference; and

Second: To the payment of the unpaid principal or Redemption Price of any Bonds which shall have become due whether at maturity or by call for redemption in the order of their due dates and, if the amount available shall not be sufficient to pay in full all the Bonds due on any date, then to the payment thereof ratable, according to the amounts of principal or Redemption Price due on such date, to the persons entitled thereto, without any discrimination or preference.

- (B) If the principal of all of the Bonds shall have become or have been declared due and payable, to the payment of the principal and interest then due and unpaid upon the Bonds without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratable, according to the amounts due respectively for principal and interest, to the persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds.

Such payments shall be made upon presentation of the Bonds, if any, to be paid and the surrender thereof if fully paid, or the stamping thereon of the payment if only partially paid.

SECTION 1003. [Other Remedies of Bondholders](#). The Bondholders and the trustee acting for the Bondholders pursuant to Section 1004 shall be entitled to all of the rights and remedies provided in the Act and to all of the rights and remedies otherwise provided or permitted by law.

SECTION 1004. [Treasurer to Represent Bondholders](#). The Treasurer is hereby appointed (and the successive respective Holders of Bonds, by taking and holding the same, shall be conclusively deemed to have so appointed the Treasurer) as trustee to represent the Holders of Bonds in exercising and prosecuting on their behalf the rights and remedies available to the Holders of Bonds. Upon any default or other occasion creating a right in such trustee to represent the Holders of Bonds, the Treasurer (A) may take such action on behalf of the Holders of Bonds as the Treasurer may deem appropriate, and (B) shall take such action as shall be

specified in a written request of the Holders of at least twenty-five percent (25%) in principal amount of the Outstanding Bonds, which request shall also specify such default or occasion, provided, that the Treasurer shall have been furnished with indemnity satisfactory to the Treasurer.

Nothing in this Resolution shall affect or impair the unconditional obligation of the Department to pay the principal of and interest on the Bonds to the respective Holders of the Bonds at the respective dates of maturity, as provided in this Resolution, out of the Revenues herein pledged for such payment, or affect or impair the unconditional right of such Holders to enforce such payment by virtue of the contract embodied herein and in the Bonds.

ARTICLE XI

AMENDMENT OF THE RESOLUTION

SECTION 1101. Powers of Amendment. This Resolution and the rights and obligations of the Department and of the Bondholders hereunder may be changed as provided in this section:

- (A) No change shall be made, without the consent of all Bondholders, (1) in the principal amount or the Redemption Price of any Bond, or the rate of interest thereon, or the maturity of the principal thereof or of any installment of interest thereon; or (2) in the percentages of the principal amount of Bonds the vote or consent of which is required by this section to effect any change.
- (B) Any other change may be made at any time by a Supplemental Resolution, when approved by the Holders of sixty percent (60%) of the principal amount of the Bonds then Outstanding at a meeting of Bondholders or by the written consents of the Bondholders; provided, that (1) in case the change made affects less than all of the several Series of Bonds then Outstanding, approval shall be required of only the Holders of sixty percent (60%) of the principal amount of the Bonds then Outstanding of the Series so affected, and (2) in case the change made is only to reduce the amount or defer the date of a Sinking Fund Installment, approval shall be required of only the Holders of sixty percent (60%) of the principal amount of the Term Bonds then Outstanding and entitled to such Sinking Fund Installment.
- (C) A change may also be made at any time by a Supplemental Resolution, without the consent of any Bondholders, but only to the extent permitted by law and only for any one or more of the following purposes:
 - (1) To add to the covenants and agreements of the Department contained in this Resolution, other covenants and agreements thereafter to be observed, or to surrender any right, power, or privilege reserved to, or conferred upon the Department by this Resolution.
 - (2) To cure any ambiguity or to cure, correct, or supplement any defect or inconsistent provision contained in this Resolution, or to make such provisions in regard to matters or questions arising under this Resolution

as the Department may deem necessary or desirable and not contrary to or inconsistent with this Resolution, and which shall not materially adversely affect the interests of the Bondholders.

- (3) To provide, in accordance with Section 204, for the issuance of Bonds of a Series.
 - (4) To provide for the issuance of Bonds in coupon form rather than or in addition to registered form. No such change may be materially adverse to the interests of the Holders of Outstanding Bonds.
 - (5) To add such provisions as may be necessary to accommodate such banking, insurance, remarketing and other financial arrangements as may be necessary or desirable to provide additional security for the payment of principal and interest on any one or more Series of Bonds or to provide the Holders of any one or more Series of Bonds the right to tender such Bonds to the Department or to another party for purchase at the times, on the notice and on such other terms as the Department may determine. These arrangements may provide for the reimbursement by the Department, with interest, of moneys advanced by the provider of additional security, the provider of a tender right, the provider of moneys to fund a tender right or anyone performing a related function from the sources available for the payment of Bonds. No such change may be materially adverse to the interests of the Holders of Outstanding Bonds.
- (D) Nothing contained herein shall prevent any Bondholder from accepting any change as to the particular Bonds held by such Bondholder, provided that due notation thereof is made on such Bonds.

SECTION 1102. Amendment by Written Consent of Bondholders. The Department may at any time adopt, in accordance with Section 1101, a Supplemental Resolution making a change which requires the approval of Bondholders, to take effect when and as provided in this section and Section 1104. Upon the adoption of such Supplemental Resolution, a copy thereof shall be delivered to and held by the Treasurer for the inspection of the Bondholders. Within fifteen (15) days of the date of such delivery to the Treasurer, a copy of such Supplemental Resolution (or a summary thereof in a form approved by the Treasurer) together with a request to Bondholders for their consent thereto shall be mailed to Bondholders, by the Department in the manner provided in Section 1104 for the mailing referred to in such section (but failure to receive such Supplemental Resolution and request shall not affect the validity of the Supplemental Resolution when consented to as provided in this section). Such Supplemental Resolution shall not be effective unless there shall have been filed with the Treasurer the written consent of the Holders of the required percentages of Bonds and a notice shall have been given as provided in Section 1104. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 1206. Any such consent shall be binding upon the Holder of the Bonds giving such consent and on any subsequent Holder (whether or not such subsequent Holder has notice thereof) unless such consent is revoked in writing by the Holder

giving such consent or a subsequent Holder by filing such revocation with the Treasurer prior to the date when the notice provided for in Section 1104 has been mailed.

A record, consisting of the papers required by this section and Section 1104 to be filed with the Treasurer, shall be kept by the Treasurer, and shall be proof of the matters therein stated.

SECTION 1103. [Meetings of Bondholders; Amendment Approved at Meetings.](#) The Department or the Treasurer may at any time call a meeting of the Bondholders. Each such meeting shall be held at such time and place, upon such notice, and pursuant to such terms and conditions as may be specified by the Department.

Any Supplemental Resolution making a change which, under Section 1101, requires the approval of Bondholders may be submitted by the Department to a meeting of Bondholders. If such Supplemental Resolution shall be approved by the affirmative vote of the Holders of the required percentages of Bonds, such Supplemental Resolution shall not become effective unless a notice shall have been given as provided in Section 1104.

SECTION 1104. [Notice of Approved Amendment.](#) After a Supplemental Resolution making a change which requires approval of Bondholders shall have been approved by the Holders of the required percentages of Bonds, a notice of such approval shall be given by the Department. Such notice shall briefly summarize the change made by the Supplemental Resolution, and state that the Supplemental Resolution has been approved by the Bondholders and will become effective as provided in this section. Such notice shall be mailed to each registered owner of Outstanding Bonds (but failure to receive copies of such notice shall not affect the validity of the Supplemental Resolution). Proof of such mailing by the affidavit or affidavits of a person or persons having knowledge of the facts shall be filed with the Treasurer. The Supplemental Resolution shall be deemed conclusively to be binding upon the Department and the Holders of all Bonds at the expiration of forty (40) days after the filing with the Treasurer of the proof of such mailing, except in the event of a final decree of a court of competent jurisdiction setting aside the adoption of the Supplemental Resolution by the Department, or the approval of the Bondholders, in a legal action or equitable proceeding for such purpose commenced within such forty (40) day period.

SECTION 1105. [Disqualification of Bonds With Respect to Action on Amendments.](#) Bonds owned by or held for the account of the Department or the State of California (but not Bonds owned by or held for the account of any State of California retirement, pension or like fund) shall not be deemed Outstanding for the purpose of any vote or consent or other action or any calculation of Outstanding Bonds provided for in this Article XI and shall not be entitled to vote or consent or take any other action provided for in this Article XI.

SECTION 1106. [Notation on Bonds Issued After Amendments.](#) Bonds authenticated and delivered after the effective date of any change made as hereinabove provided in this Article XI may, and, if the Treasurer or the Department so determines, shall, bear a notation by endorsement or otherwise, in form approved by the Department and the Treasurer as to such change. Upon demand of the Holder of any Bond Outstanding at such effective date and presentation of such Bond for such purpose at the office of the Treasurer, suitable notation shall

be made on such Bond by the Treasurer as to any such change. If the Treasurer or the Department shall so determine, new Bonds so modified as necessary in the opinion of the Treasurer and Department to conform to such change shall be prepared, authenticated and delivered, and upon demand of the Holder of any Bond then Outstanding shall be exchanged, without cost to such Bondholder, for Bonds of the same Series, maturity and principal amount, upon surrender of such Bonds.

ARTICLE XII

MISCELLANEOUS

SECTION 1201. [Benefits of Resolution Limited](#). Nothing in this Resolution, express or implied, is intended or shall be construed to confer upon, or to give to, any person other than the Department or the Holder of a Bond, any right, remedy, or claim under or by reason of this Resolution or any promise, condition or stipulation hereof; and all such promises, conditions and stipulations by or on behalf of the Department shall be for the sole and exclusive benefit of the Department and the Holders of the Bonds appurtenant thereto.

SECTION 1202. [State Not Liable on Bonds; Limit on Department Liability](#). The payment of the principal or Redemption Price of the Bonds and the payment of interest thereon are not secured by any property or moneys of, or under the control or possession of, the Department or the State of California other than the property and moneys described in Section 802. Neither the payment of the principal or Redemption Price nor any part thereof of the Bonds nor any interest thereon constitutes a debt, liability, or obligation of the State of California, or, except as expressly provided in this Resolution, of the Department.

SECTION 1203. [No Personal Liability for Payment of Bonds](#). No officer or employee of the Department or of the State of California shall be individually or personally liable for the payment of the principal or Redemption Price of, or interest on, the Bonds; but only for the performance of his or her official duties as required by law.

SECTION 1204. [Discharge of Obligations Under Resolution](#). If no Bonds remain Outstanding, then, at the election of the Department evidenced by a Certificate of the Department filed with the Treasurer (and notwithstanding that any Bonds shall not have been paid or surrendered for payment), the charge and lien upon the Revenues and other moneys, securities, and accounts as provided for in this Resolution and all other obligations imposed by this Resolution shall be discharged, except only the obligation of the Department to pay or cause to be paid to the Holders of the Bonds not surrendered and paid all sums due thereon (including, with respect to Term Bonds, the obligation to pay the principal amount from amounts equal to any Sinking Fund Installments which under this Resolution would have become due prior to the date such Term Bonds shall mature or be otherwise redeemed).

In the event of such discharge, the Treasurer shall, upon the request of the Department, execute and deliver to the Department all such instruments as may be desirable to evidence such discharge, and the Treasurer and each Paying Agent shall pay over or deliver to the Department all moneys held by such person or entity pursuant to this Resolution which are not required for the payment of the principal or Redemption Price of Bonds and interest thereon.

Neither Government Obligations nor cash deposited with the Treasurer pursuant to clause (2) of the definition of Outstanding in Section 101 nor principal or interest payments on such Government Obligations shall be withdrawn or used for any purpose other than the payment of the principal or Redemption Price, if any, of, and interest on, the Bonds to be paid with such cash or Government Obligations; provided that any cash received from such principal or interest payments on Government Obligations, if not then needed for such purpose, shall, in so far as practicable, be reinvested in Government Obligations maturing at times and in amounts sufficient to pay when due the principal or Redemption Price, if any, of, and interest on, such Bonds.

SECTION 1205. [Unclaimed Moneys](#). In the event any moneys placed with the Treasurer or a Paying Agent in trust for the payment of the principal or the Redemption Price of, or interest on, any Bond shall remain unclaimed for ten years after the principal of all the Bonds has become due and payable (whether at maturity or upon call for redemption), such moneys shall be repaid to the Department upon its written request, notwithstanding any other provision of this Resolution. The Holders of the unpaid Bonds shall thereafter be entitled to look only to the Department for payment thereof, and all liability of the Treasurer or the Paying Agent with respect to such moneys shall thereupon cease. Before the repayment of such moneys to the Department, the Treasurer or the Paying Agent holding such moneys may, at the Department's expense publish once in newspapers of general circulation in Sacramento, California, and in New York, New York, a notice stating that such moneys will be repaid to the Department pursuant to this section and the effect of such repayment. In the event of the repayment of such moneys to the Department as provided in this section, the Holders of the Bonds for which such moneys were held shall thereafter be deemed to be unsecured creditors of the Department for amounts equivalent to the respective amounts previously held by the Treasurer or the Paying Agent for the payment of such Bonds and repaid to the Department.

SECTION 1206. [Proof of Signature of Bondholder and of Ownership of Bonds](#). Any request, declaration or other instrument which this Resolution may require or permit to be signed or executed by Bondholders may be in one or more instruments of similar tenor, and shall be signed or executed by Bondholders in person or by their attorneys-in-fact appointed in writing.

Except as otherwise herein expressly provided, the fact and date of the execution by any Bondholder or his attorney-in-fact of any such instrument may be proved by the certificate of any notary public (or other officer authorized to take acknowledgements of deeds to be recorded in the State in which he purports to act) that the person signing such instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer.

The ownership of Bonds and the amounts, serial numbers, maturity dates and date of holding the same shall be proved by the registration books.

Any request, declaration or other instrument or writing of the owner of any Bond shall bind all future owners of such Bond in respect of anything done or suffered to be done by the Department or the Treasurer hereunder in accordance therewith.

SECTION 1207. [Reliance of Counsel on Certificate of Department](#). Any Counsel's Opinion may be based, insofar as it relates to factual information which is in the possession of the Department, upon a Certificate of the Department, unless the signer of such Counsel's Opinion knows, or in the exercise of reasonable care should have known, that such Certificate of the Department is in error with respect to such factual information.

SECTION 1208. [Cancellation of Bonds Surrendered](#). The Treasurer, the Paying Agents, any registrar and any authenticating agent shall promptly cancel all Bonds surrendered to them on payment at maturity, or on payment upon redemption in accordance with Section 405, or on the transfer or substitution of Bonds in accordance with Section 308, 312, 405, or 1106, or purchased by the Treasurer pursuant to Section 604. All Bonds cancelled by a Paying Agent, registrar or authenticating agent shall be delivered to the Treasurer, provided, that the Treasurer may direct any Paying Agent, registrar or authenticating agent, in lieu of such delivery to destroy the Bonds and furnish to the Treasurer a certificate of such destruction.

SECTION 1209. [Statutory Changes with Respect to Officers](#). While any Bonds remain Outstanding, the powers, duties, or existence of the Department or any official or agency of the State of California shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the Holders of the Bonds. If the powers or duties of any officer of the State of California or of the Department shall hereafter be transferred to another officer by statute and if such transfer shall relate to any matter or thing permitted or required to be done under this Resolution by such officer, then the officer who shall succeed to such powers or duties shall act and be obligated in the place and stead of the officer hereinbefore in this Resolution designated or empowered to act.

SECTION 1210. [Successors and Assigns](#). Whenever in this Resolution the Department is named or referred to, its successors or assigns shall be deemed to be included, and all the covenants and agreements contained in this Resolution by or on behalf of the Department shall bind and inure to the benefit of its successors and assigns whether so expressed or not.

SECTION 1211. [Applicable Law](#). The law of the State of California shall govern the rights and duties of the Department under this Resolution.

SECTION 1212. [Any Invalid Provisions Severable](#). If any one or more of the covenants or agreements, or portions thereof, provided in this Resolution to be performed on the part of the Department, the Treasurer, or any Paying Agent should be contrary to law, then such covenant or covenants, such agreement or agreements, or such portions thereof, shall be deemed separable from the remaining covenants and agreements or portions thereof and shall in no way affect the validity of the other provisions of this Resolution.

SECTION 1213. [Repeal of Inconsistent Resolutions](#). All other resolutions of the Department or parts of such resolutions which are inconsistent with this Resolution are hereby repealed to the extent of such inconsistency.

This Resolution is hereby adopted in the State of California by the State of California Department of Water Resources as of August 6, 2020.

FIRST SUPPLEMENTAL RESOLUTION
PROVIDING FOR THE ISSUANCE OF
DELTA PROGRAM REVENUE BONDS
SERIES A

(No. DWR-DPRB-2)

WHEREAS, as of August 6, 2020, the State of California Department of Water Resources (the “Department”) duly adopted a resolution designated “No. DWR-DPRB-1”, and titled “Delta Program Revenue Bond General Bond Resolution” (as amended and supplemented, the “Resolution”);

WHEREAS, Sections 204 and 205 of the Resolution authorize the issuance of Bonds and provide that the Department may issue Bonds of any Series for the purpose of obtaining moneys for the payment of Delta Program Capital Costs (including Delta Program Planning Costs), for the funding of capitalized interest on such Series of Bonds, for deposit in the Reserve Account and for the payment of the expenses the Department will have incurred in connection with the issuance of such Series of Bonds upon compliance with the provisions of such Sections 204 and 205;

WHEREAS, the Department has determined, and does hereby further determine, that it is necessary to carry out certain of the objects and purposes of the Central Valley Project Act consisting of (i) paying or reimbursing certain Delta Program Planning Costs, (ii) funding a deposit to the Reserve Account, (iii) funding capitalized interest on the Bonds of Series A, and (iv) paying costs of issuance of the Bonds of Series A;

WHEREAS, prior to the issuance of the Bonds of Series A, the Department shall determine: (1) an estimate of the amount required to be raised for Delta Program Planning Costs, including bond-related costs such as capitalized interest, costs of issuance and bond reserves; (2) the probable amount of money, property, materials or labor, if any, to be contributed from other sources for Delta Program Planning Costs; and (3) the amount to be raised for such purposes by the issuance of the Bonds of Series A;

WHEREAS, prior to the issuance of the Bonds of Series A, the Department shall determine the amount of Bonds of Series A to be issued for such Delta Program Planning Costs, which shall not be in excess of the amount estimated to be required for that purpose;

WHEREAS, as authorized by Section 11701 of the Act, the Department hereby adopts this First Supplemental Resolution concerning the issuance of revenue bonds for the purpose of obtaining funds in an amount not in excess of that estimated to be required for those purposes (as such estimates and purposes may be modified by the Department from time to time in accordance with the Act);

WHEREAS, the Department hereby determines to issue, as authorized by and otherwise in accordance with the Resolution, the Bonds of Series A in an aggregate principal amount equal to the amount so determined for the purpose of obtaining the moneys required for such purposes; and

WHEREAS, the provisions of Sections 204 and 205 of the Resolution have been satisfied or will be satisfied at the time of issuance of the Bonds of Series A;

WHEREAS, this First Supplemental Resolution is not a “project” subject to the California Environmental Quality Act (Pub. Resources Code, § 21000 et seq.) (CEQA), but rather is an example of “[t]he creation of [a] government funding mechanism[] or other government fiscal activit[y] which do[es] not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment” (Cal. Code Regs., tit. 14, § 15378, subd. (b)(4));

WHEREAS, any indirect environmental effects that could result from the adoption of this First Supplemental Resolution are too conceptual, diffuse, and speculative to allow for meaningful environmental review (see, e.g., Cal. Code Regs., tit. 14, § 15061, subd. (b)(3));

WHEREAS, the adoption of this resolution is not an “approval” within the meaning of the CEQA Guidelines, in that such adoption does not commit the Department to a definite course of action in regard to a project subject to CEQA (see Cal. Code Regs., tit. 14, § 15352);

NOW, THEREFORE, BE IT RESOLVED by the State of California Department of Water Resources as follows:

ARTICLE XIII

PROVISION FOR THE ISSUANCE OF BONDS OF SERIES A

SECTION 1301. Bonds of Series A Subject to the Resolution. The terms and conditions contained in the Resolution shall apply to the Bonds of Series A with the same force and effect as if the same were herein set forth at length, with such additions thereto and variations thereof as may be appropriate to make the same conform to this Article XIII and Articles XIV through XVI.

SECTION 1302. Finding Relative to Authorization of Bonds of Series A. The Department has reviewed all proceedings heretofore taken relative to the authorization of the Bonds of Series A, and has found as a result of such review, and hereby finds and determines, that all conditions, things and acts required by law to exist, happen or to be performed precedent to and in the authorization of the Bonds of Series A do exist, have happened and have been performed in due time, form and manner as required by law.

SECTION 1303. Issuance of Bonds of Series A. The Department hereby determines to authorize the issuance of a Series of Bonds under the Resolution. The Bonds of this Series shall be designated as and shall be distinguished from the Bonds of all other Series by the designation “Delta Program Revenue Bonds, Series A”. The aggregate principal amount of the Bonds of Series A at any time Outstanding shall not exceed the amount determined by the Department prior to the issuance of the Bonds of Series A as being required to be issued solely for the purposes described in Section 1304.

SECTION 1304. Purpose. The Bonds of Series A are to be issued for the purposes of Sections 204 and 205 solely to obtain moneys to (i) pay or reimburse Delta Program Planning

Costs, (ii) fund a deposit to the Reserve Account in the amount of the Reserve Account Requirement allocated to the Bonds of Series A, (iii) fund capitalized interest on the Bonds of Series A, and (iv) pay costs of issuance of the Bonds of Series A.

ARTICLE XIV

TERMS OF THE BONDS OF SERIES A

SECTION 1401. Terms of the Bonds of Series A. The Bonds of Series A shall be dated, be issued in such denominations, mature on such date or dates, have such interest rates, interest payment dates and record dates, be Serial Bonds or Term Bonds, and be redeemable on such dates and on such terms as are provided by a Certificate of the Department delivered upon the sale of such Series of Bonds.

SECTION 1402. Form of Bonds of Series A and Treasurer's Certificate of Authentication. The form of the Bonds of Series A and the Treasurer's Certificate of Authentication of Bonds shall be substantially as set forth below, subject to such modifications as may be specified by the Certificate of the Department delivered upon the sale of such Series:

(FORM OF BOND OF SERIES A)

UNLESS THIS CERTIFICATE IS PRESENTED BY AN AUTHORIZED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY (55 WATER STREET, NEW YORK, NEW YORK, "DTC") TO THE ISSUER OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND ANY CERTIFICATE ISSUED IS REGISTERED IN THE NAME OF CEDE & CO. OR SUCH OTHER NAME AS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC AND ANY PAYMENT IS MADE TO CEDE & CO., ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL SINCE THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

DELTA PROGRAM REVENUE BOND
SERIES A

<u>INTEREST RATE</u>	<u>MATURITY DATE</u>	<u>ISSUE DATE</u>	<u>CUSIP</u>
	December 1, _____	_____, _____	_____

Registered Owner:

Principal Sum: _____ DOLLARS

THE DEPARTMENT OF WATER RESOURCES (the "Department"), a department of the State of California organized and existing under the Water Code of the State of California, for value received, promises to pay (but only out of the Revenues and certain other moneys referred to below) to the registered owner or registered assigns, on the maturity date specified above (subject to any right of prior redemption provided below), the principal sum specified above, together with interest on such principal sum (calculated on the basis of a 360-day year composed of twelve 30-day months) from the interest payment date immediately preceding the date of registration of this Bond (unless this Bond is registered as of an interest payment date, in which event it shall bear interest from that date, or unless this Bond is registered before its first interest payment date, in which event it shall bear interest from the Issue Date specified above) until this Bond is fully paid in accordance with its terms at the interest rate per annum specified above, payable [semiannually on June 1 and December 1 in each year], commencing on [this Bond's first interest payment date]. Interest shall cease to accrue upon this Bond from and after the date of maturity unless this Bond is presented for payment and remains unpaid after presentation. Principal (or redemption price) of this Bond is payable in lawful money of the United States of America upon surrender at the office of the Treasurer of the State of California (the "Treasurer") in Sacramento, California. Interest on this Bond is payable in like lawful money by check or draft mailed to the person whose name appears on the Bond registration books of the Treasurer as the owner as of the Record Date at the owner's address as it appears on the registration books or at such address as the owner may have filed with the Treasurer for that purpose. "Record Date" means the close of business on the fifteenth day of the month immediately preceding an interest payment date, whether or not the day is a business day.

Payment of the principal or redemption price of, and interest on, this Bond is secured by a first and direct charge and lien upon the Revenues (as defined in the Resolution) and all moneys and securities held, and accounts established, under the Resolution (except amounts in any rebate account established under the Resolution), subject only to the provisions of the Resolution permitting the payment or use thereof for the purposes, in the manner, and upon the terms and conditions set forth in the Resolution. NEITHER THE PAYMENT OF THE PRINCIPAL OR REDEMPTION PRICE NOR ANY PART THEREOF OF THIS BOND NOR ANY INTEREST THEREON CONSTITUTES A DEBT, LIABILITY, OR OBLIGATION OF THE STATE OF CALIFORNIA, OR, EXCEPT AS EXPRESSLY PROVIDED HEREIN AND IN THE RESOLUTION, OF THE DEPARTMENT.

This Bond is one of the duly authorized issue of the Department's "Delta Program Revenue Bonds" (the "Bonds"). The Bonds are issued and to be issued pursuant to the statute known as the Central Valley Project Act, which is Part 3 of Division 6 of the Water Code of the State of California (the "Central Valley Project Act"), and pursuant to a resolution of the Department adopted as of August 6, 2020, and titled "Delta Program Revenue Bond General Bond Resolution" (as amended, the "Resolution"). As provided in the Resolution, the Bonds may be issued from time to time in one or more series in various principal amounts, may mature at different times, may bear interest at different rates payable on different dates, and may otherwise vary as provided in the Resolution. All Bonds issued and to be issued under the Resolution are and will be equally secured by the pledge of the Revenues and certain other moneys hereinafter mentioned.

This Bond is one of a series of Bonds designated as "Delta Program Revenue Bonds, Series A" (the "Bonds of Series A"), issued under the Resolution and a supplemental resolution of the Department adopted as of August 6, 2020 and titled "First Supplemental Resolution Providing for the Issuance of Delta Program Revenue Bonds, Series A" (the "First Supplemental Resolution"). The Bonds of Series A are issued in an aggregate principal amount not to exceed \$_____.

Copies of the Resolution and the First Supplemental Resolution are on file at the office of the Department in Sacramento, California, and at the office of the Treasurer in Sacramento, California. The terms of the Resolution and the First Supplemental Resolution are hereby incorporated herein and constitute a contract between the Department and the registered owner from time to time of this Bond, and to all the provisions thereof the registered owner hereof, by acceptance of this Bond, hereby consents and agrees.

The Bonds of Series A maturing on or after December 1, 20__ are subject to redemption prior to their respective stated maturities, at the option of the Department from any source of available funds, as a whole, or in part by such maturities as the Department may designate (and by lot within any maturity), on any date on or after June 1, 20__, upon payment of a redemption price equal to the principal amount of the Bonds of Series A to be redeemed, plus accrued interest to the date fixed for redemption, without premium.

This Bond is transferable, as provided in the Resolution, only on the registration books of the Treasurer kept for that purpose in Sacramento, California, at the Office of the Treasurer, upon surrender of this Bond at the Office of the Treasurer, together with an instrument of

transfer satisfactory to the Treasurer. Upon surrender, the Department shall execute, and the Treasurer shall authenticate, in the name of the transferee, a new registered Bond or Bonds of the same series, maturity, and aggregate principal amount as this Bond and such new Bond or Bonds shall be delivered by the Treasurer at the Treasurer's office in Sacramento, California. The Department, the Treasurer and any other person may treat the person in whose name this Bond is registered as the absolute owner of this Bond for the purpose of receiving payment of, or on account of, the principal or redemption price hereof and interest due hereon and for all other purposes. The Treasurer shall not be required to register the transfer of this Bond during the five days next preceding any date established by the Treasurer for the selection of Bonds for redemption, during the period after the selection of this Bond for redemption or during the period from the fifteenth day of the month next preceding any interest payment date to such interest payment date.

The Bonds of Series A are issuable only in the form of fully registered Bonds in the denominations of \$5,000 and integral multiples of \$5,000. This Bond may be exchanged for registered Bonds of other authorized denominations, of the same series, maturity and aggregate principal amount upon the surrender thereof for such purpose by the registered owner at the office of the Treasurer in Sacramento, California.

The rights and obligations of the Department and of the registered owners of the Bonds may be changed at any time in the manner, to the extent, and upon the terms and conditions provided in the Resolution, *provided, however*, that (1) no change shall be made in the principal amount or the redemption price of any Bond, or the rate of interest thereon, or the maturity of the principal thereof or of any installment of interest thereon, without the consent of all the registered owners of Bonds; and (2) no change shall be made in the percentages of the principal amount of Bonds the vote or consent of which is required by the Resolution to effect any change, without the consent of all the registered owners of Bonds, all as more fully set forth in the Resolution.

This Bond shall not be entitled to any right or benefit under the Resolution or the First Supplemental Resolution or be valid or become effective for any purpose until the Treasurer's Certificate of Authentication is executed and dated by the Treasurer or a deputy of the Treasurer.

It is hereby certified that all conditions, things and acts required to exist, to have happened or to have been performed precedent to and in the issuance of this Bond do exist, have happened or have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other indebtedness of the Department, does not exceed any limit prescribed by law.

IN WITNESS WHEREOF, the State of California Department of Water Resources has caused this Bond to be executed in its name and on its behalf with the facsimile signature of the Director of Water Resources of the State of California and the facsimile countersignature of the Governor of the State of California, and the seal of the Department to be reproduced hereon, all as of the Issue Date specified above.

(FORM OF TREASURER'S CERTIFICATE OF AUTHENTICATION)

This Bond is one of the Delta Program Revenue Bonds described in the within-mentioned Resolution which has been registered on _____, ____.

TREASURER OF THE STATE OF CALIFORNIA

By _____
Deputy State Treasurer
For California State Treasurer Fiona Ma

ASSIGNMENT

For value received the undersigned hereby sells, assigns and transfers unto _____ the within bond and all rights thereunder, and hereby irrevocably constitutes and appoints _____, attorney, to transfer the within bond on the books kept for registration thereof, with full power of substitution in the premises.

Dated: _____

NOTE: The signature to this Assignment must correspond with the name as written upon the face of the bond in every particular, without alteration or enlargement or any change whatsoever.

Signature Guaranteed:

NOTICE: The signature must be guaranteed by an eligible guarantor institution.

SECTION 1403. Regulations With Respect to Transfer. The Treasurer shall not be required to register the transfer of any Bond of Series A during the five days next preceding any date established by the Treasurer for the selection of Bonds of Series A for redemption, during the period after the selection of such Bond for redemption or during the period from the fifteenth day of the month preceding any interest payment date to such interest payment date. Bonds of Series A may be issued only in registered form and registered Bonds of Series A may not be exchanged for coupon Bonds.

SECTION 1404. Paying Agent; Place of Payment. The Treasurer is hereby appointed as a Paying Agent for the Bonds of Series A to pay the principal or Redemption Price of such Bonds presented for payment at the office of the Treasurer in Sacramento, California. Subject to Section 1410, payments of the principal or Redemption Price of, and interest on, the Bonds of Series A shall be made at the Office of the Treasurer in Sacramento, California.

SECTION 1405. Book-Entry Bonds.

(A) As provided in Section 313(A) and except as provided in subparagraph (C) of this Section, the registered owner of all of the Bonds of Series A shall be Cede & Co., as nominee for The Depository Trust Company (“DTC”). Payment of the interest on any Bond of Series A registered in the name of Cede & Co. shall be made on each Interest Payment Date for such Bonds to the account, in the manner and at the address indicated in or pursuant to the blanket letter of representations delivered to DTC by the Department and the Treasurer (the “Representation Letter”). Payment of principal or interest for any Bond of Series A registered in the name of Cede & Co. shall be made pursuant to the Representation Letter by wire transfer of New York clearing house or equivalent next day funds or by wire transfer of same day funds to the account of Cede & Co. at the address indicated on the regular record date or special record date for Cede & Co. in the registration books of the Treasurer.

(B) The Treasurer and the Department shall treat DTC (or its nominee) as the sole and exclusive owner of the Bonds of Series A registered in its name for the purposes of payment of the principal or Redemption Price of or interest on the Bonds of Series A, selecting the Bonds of Series A or portions thereof to be redeemed, giving any notice permitted or required to be given to Bondholders under the Resolution or this First Supplemental Resolution, registering the transfer of Bonds of Series A, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever, and neither the Treasurer, nor the Department shall be affected by any notice to the contrary. Neither the Treasurer nor the Department shall have any responsibility or obligation to any Participant (which shall mean, for purposes of this Section,

securities brokers and dealers, banks, trust companies, clearing corporations and other entities, some of whom directly or indirectly own DTC), any person claiming a beneficial ownership interest in the Bonds of Series A under or through DTC or any Participant, or any other person which is not shown on the registration books as being a Bondholder, with respect to the accuracy of any records maintained by DTC or any Participant; the payment of DTC or any Participant of any amount in respect of the principal of, Redemption Price of or interest on the Bonds of Series A; any notice which is permitted or required to be given to Bondholders under the Resolution; the selection by DTC or any Participant of any person to receive payment in the event of a partial redemption of the Bonds of Series A; any consent given or other action taken by DTC as Bondholder; or any other purpose. Upon delivery by DTC to the Treasurer of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions herein with respect to record date, the word "Cede & Co." in this First Supplemental Resolution shall refer to such new nominee of DTC.

The Representation Letter shall not in any way limit the provisions of this subsection (B) or in any other way impose upon the Department, the Treasurer or any Paying Agent any obligation whatsoever with respect to persons having interests in the Bonds of Series A other than the Bondholders, as shown on the registration books kept by the Treasurer.

(C) Notwithstanding any contrary provision herein, the Bonds of Series A may be issued in registered form, with the physical delivery of Bond certificates to the initial purchaser thereof, and without participation in the book-entry system of any securities depository. The registration of such Bonds may be transferred to DTC (or its nominee) in accordance with the provisions of the Resolution at any time. With respect to Bonds of Series A registered in the name of Cede. & Co, if the Department and the Treasurer determine that it is in the best interest of the beneficial owners of the Bonds of Series A that they be able to obtain Bond certificates, and notify DTC of such determination, DTC will notify the Participants of the availability through DTC of such Bond certificates. In such event, the Treasurer shall authenticate, transfer and exchange certificates for the Bonds of Series A as requested by DTC and any other registered Bondholders in appropriate amounts as provided in Article III. DTC may determine to discontinue providing its services with respect to the Bonds of Series A at any time by giving notice to the Department and the Treasurer and discharging its responsibilities with respect thereto under applicable law. Under such circumstances (if there is no successor securities depository), the Department and the Treasurer shall deliver certificates for the Bonds of Series A as described in the Resolution. In the event such Bond certificates are issued, the provisions of the Resolution and this First Supplemental Resolution shall apply to, among other things, the transfer and exchange of such certificates and the method of payment of principal of and interest on such certificates.

(D) In connection with any notice or other communication to be provided to Holders of Bonds of Series A pursuant to the Resolution and this First Supplemental Resolution by the Department or the Treasurer with respect to any consent or other action to be taken by Bondholders, the Department or the Treasurer, as the case may be, shall establish a record date for such consent or other action and give DTC notice of such record date pursuant to the Representation Letter not less than 15 calendar days in advance of such record date to the extent possible. Notice to DTC shall be given only when DTC is the sole Holder of Bonds of Series A.

ARTICLE XV

DISPOSITION OF PROCEEDS OF BONDS OF SERIES A AND OTHER MONEYS

SECTION 1501. Disposition of Proceeds and Other Moneys; Transfer of Funds.

Immediately upon receipt thereof, the proceeds of the sale of the Bonds of Series A shall be applied, deposited and set aside as follows pursuant to a Certificate of the Department delivered prior to the issuance of the Bonds of Series A and specifying the applicable amounts:

(A) The amount of the Reserve Account Requirement allocable to the Bonds of Series A upon the issuance of the Bonds of Series A shall be deposited in the Reserve Account;

(B) An amount equal to the amount of interest accruing on the Bonds of Series A for the three year period commencing on the date of issuance of the Bonds of Series A shall be deposited, set aside and held in trust in the Construction Fund and shall be used solely for the payment of such interest, *provided, however*, that if any moneys so set aside for such purpose remain after the payment of such interest, such moneys shall be used to pay Delta Program Planning Costs, as directed by the Department;

(C) The amount of Delta Program Planning Costs incurred by or on behalf of the Department and either paid from the Department's own funds or paid or advanced by or on behalf of entities other than the Department shall be deposited in the Delta Program Planning Cost Account and thereafter shall be transferred in the amounts specified by Certificate of the Department either (i) to such account of the Department as may be specified by such Certificate to reimburse such use of the Department's own funds or (ii) to or upon the order of the recipients specified by Certificate of the Department as (1) having advanced to the Department amounts that were used to pay Delta Program Planning Costs, and (2) being due reimbursement for such advances, in each case in the respective amount specified by such Certificate for such recipient; *provided, however*, that no such reimbursement of any "state agency" as defined by California Water Code Section 11102 shall occur at any time that obligations of the Department issued for the payment of costs of construction of any Delta Program facilities are outstanding; and

(D) The balance of the proceeds of the sale of the Bonds of Series A shall be deposited in such fund or account as may be designated by the Department for the payment, as directed by the Department, of the expenses of the Department incurred in connection with the issuance and sale of the Bonds of Series A.

ARTICLE XVI

MISCELLANEOUS

SECTION 1601. Designation and Delegation. The Chief, Division of Fiscal Services of the Department, the Chief, Enterprise Accounting Branch of the Department, and any Deputy Director are each hereby designated by the Director as a person who may sign any Certificate of the Department, within the meaning of that term in Section 101, related to the sale, issuance and delivery of the Bonds of Series A. In addition, pursuant to Sections 7 and 120 of the Water

Code, the Chief, Division of Fiscal Services of the Department, the Chief, Enterprise Accounting Branch of the Department, and any Deputy Director are each hereby delegated the authority to execute and deliver any and all certificates, agreements and other instruments that are necessary or appropriate in connection with the sale, issuance and delivery of the Bonds of Series A. Notwithstanding the foregoing, one or more of the Chief, Division of Fiscal Services of the Department, the Chief, Enterprise Accounting Branch of the Department and the Deputy Comptroller of the Department, may sign any Certificate of the Department delivered in connection with a claim by the Department on the Series A Account as required by Section 503 of the Resolution with respect to the application of proceeds of the Series A Bonds to the payment of Delta Program Capital Costs as set forth in Section 1501(D), such a Certificate of the Department may be incorporated into the related claim.

SECTION 1602. Execution in Counterpart. This First Supplemental Resolution may be executed in any number of counterparts, each of which shall for all purposes be deemed to be an original and all of which shall together constitute but one and the same instrument.

This First Supplemental Resolution is hereby adopted in the State of California by the State of California Department of Water Resources as of August 6, 2020.

SECOND SUPPLEMENTAL RESOLUTION
PROVIDING FOR THE ISSUANCE OF
DELTA PROGRAM REVENUE BONDS
SERIES B

(No. DWR-DPRB-3)

WHEREAS, as of August 6, 2020, the State of California Department of Water Resources (the "Department") duly adopted a resolution designated "No. DWR-DPRB-1", and titled "Delta Program Revenue Bond General Bond Resolution" (as amended and supplemented, the "Resolution");

WHEREAS, Sections 204 and 205 of the Resolution authorize the issuance of Bonds and provide that the Department may issue Bonds of any Series for the purpose of obtaining moneys for the payment of Delta Program Capital Costs (including Delta Program Planning Costs), for the funding of capitalized interest on such Series of Bonds, for deposit in the Reserve Account and for the payment of expenses the Department will have incurred in connection with the issuance of such Series of Bonds upon compliance with the provisions of such Sections 204 and 205;

WHEREAS, the Department has determined, and does hereby further determine, that it is necessary to carry out certain of the objects and purposes of the Central Valley Project Act consisting of (i) paying or reimbursing certain Delta Program Capital Costs, (ii) funding a deposit to the Reserve Account, (iii) funding capitalized interest on the Bonds of Series B, and (iv) paying costs of issuance of the Bonds of Series B;

WHEREAS, prior to the issuance of the Bonds of Series B, the Department shall determine: (1) an estimate of the amount required to be raised for such Delta Program Capital Costs, including bond-related costs such as capitalized interest, costs of issuance and bond reserves; (2) the probable amount of money, property, materials or labor, if any, to be contributed from other sources for such Delta Program Capital Costs; and (3) the amount to be raised for such purposes by the issuance of the Bonds of Series B;

WHEREAS, prior to the issuance of the Bonds of Series B, the Department shall determine the amount of Bonds of Series B to be issued for such Delta Program Capital Costs, which shall not be in excess of the amount estimated to be required for that purpose;

WHEREAS, as authorized by Section 11701 of the Act, the Department hereby adopts this Second Supplemental Resolution concerning the issuance of revenue bonds for the purpose of obtaining funds in an amount not in excess of that estimated to be required for those purposes (as such estimates and purposes may be modified by the Department from time to time in accordance with the Act);

WHEREAS, the Department hereby determines to issue, as authorized by and otherwise in accordance with the Resolution, the Bonds of Series B in an aggregate principal amount equal to the amount so determined for the purpose of obtaining the moneys required for such purposes; and

WHEREAS, the provisions of Sections 204 and 205 of the Resolution have been satisfied or will be satisfied at the time of issuance of the Bonds of Series B;

WHEREAS, the bonds to be issued pursuant to this Second Supplemental Resolution may not be issued, unless and until, if ever, the Department completes environmental review under the California Environmental Quality Act (Pub. Resources Code, § 21000 et seq.) (CEQA), for the acquisition, construction, operation and maintenance of new facilities for the conveyance of water in and about the Sacramento-San Joaquin Delta;

WHEREAS, this Second Supplemental Resolution is not a “project” subject to CEQA, but rather is an example of “[t]he creation of [a] government funding mechanism[] or other government fiscal activit[y] which do[es] not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment” (Cal. Code Regs., tit. 14, § 15378, subd. (b)(4));

WHEREAS, any indirect environmental effects that could result from the adoption of this Second Supplemental Resolution are too conceptual, diffuse, and speculative to allow for meaningful environmental review (see, e.g., Cal. Code Regs., tit. 14, § 15061, subd. (b)(3));

WHEREAS, the adoption of this resolution is not an “approval” within the meaning of the CEQA Guidelines, in that such adoption does not commit the Department to a definite course of action in regard to any project subject to CEQA (see Cal. Code Regs., tit. 14, § 15352);

NOW, THEREFORE, BE IT RESOLVED by the State of California Department of Water Resources as follows:

ARTICLE XVII

PROVISION FOR THE ISSUANCE OF BONDS OF SERIES B

SECTION 1701. Bonds of Series B Subject to the Resolution. The terms and conditions contained in the Resolution shall apply to the Bonds of Series B with the same force and effect as if the same were herein set forth at length, with such additions thereto and variations thereof as may be appropriate to make the same conform to this Article XVII and Articles XVIII through XX.

SECTION 1702. Finding Relative to Authorization of Bonds of Series B. The Department has reviewed all proceedings heretofore taken relative to the authorization of the Bonds of Series B, and has found as a result of such review, and hereby finds and determines, that all conditions, things and acts required by law to exist, happen or to be performed precedent to and in the authorization of the Bonds of Series B do exist, have happened and have been performed in due time, form and manner as required by law .

SECTION 1703. Issuance of Bonds of Series B. The Department hereby determines to issue a Series of Bonds authorized to be issued under the Resolution. The Bonds of this Series shall be designated as and shall be distinguished from the Bonds of all other Series by the designation “Delta Program Revenue Bonds, Series B”. The aggregate principal amount of the Bonds of Series B at any time Outstanding shall not exceed the amount determined by the

Department prior to the issuance of the Bonds of Series B as being required to be issued for the purposes described in Section 1704.

SECTION 1704. Purpose. The Bonds of Series B are to be issued for the purposes of Sections 204 and 205 solely to obtain moneys to (i) pay or reimburse Delta Program Capital Costs, (ii) fund a deposit to the Reserve Account in the amount of the Reserve Account Requirement allocated to the Bonds of Series B, (iii) fund capitalized interest on the Bonds of Series B, and (iv) pay costs of issuance of the Bonds of Series B.

ARTICLE XVIII

TERMS OF THE BONDS OF SERIES B

SECTION 1801. Terms of the Bonds of Series B. The Bonds of Series B shall be dated, be issued in such denominations, mature on such date or dates, have such interest rates, interest payment dates and record dates, be Serial Bonds or Term Bonds, and be redeemable on such dates and on such terms as are provided by a Certificate of the Department delivered upon the sale of such Series of Bonds.

SECTION 1802. Form of Bonds of Series B and Treasurer's Certificate of Authentication. The form of the Bonds of Series B and the Treasurer's Certificate of Authentication of Bonds shall be substantially as set forth below, subject to such modifications as may be specified by the Certificate of the Department delivered upon the sale of such Series:

(FORM OF BOND OF SERIES B)

UNLESS THIS CERTIFICATE IS PRESENTED BY AN AUTHORIZED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY (55 WATER STREET, NEW YORK, NEW YORK, "DTC") TO THE ISSUER OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND ANY CERTIFICATE ISSUED IS REGISTERED IN THE NAME OF CEDE & CO. OR SUCH OTHER NAME AS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC AND ANY PAYMENT IS MADE TO CEDE & CO., ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL SINCE THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

DELTA PROGRAM REVENUE BOND
SERIES B

<u>INTEREST RATE</u>	<u>MATURITY DATE</u>	<u>ISSUE DATE</u>	<u>CUSIP</u>
	December 1, _____	_____, _____	_____

Registered Owner:

Principal Sum: _____ DOLLARS

THE DEPARTMENT OF WATER RESOURCES (the "Department"), a department of the State of California organized and existing under the Water Code of the State of California, for value received, promises to pay (but only out of the Revenues and certain other moneys referred to below) to the registered owner or registered assigns, on the maturity date specified above (subject to any right of prior redemption provided below), the principal sum specified above, together with interest on such principal sum (calculated on the basis of a 360-day year composed of twelve 30-day months) from the interest payment date immediately preceding the date of registration of this Bond (unless this Bond is registered as of an interest payment date, in which event it shall bear interest from that date, or unless this Bond is registered before its first interest payment date, in which event it shall bear interest from the Issue Date specified above) until this Bond is fully paid in accordance with its terms at the interest rate per annum specified above, payable [semiannually on June 1 and December 1 in each year], commencing on [this Bond's first interest payment date]. Interest shall cease to accrue upon this Bond from and after the date of maturity unless this Bond is presented for payment and remains unpaid after presentation. Principal (or redemption price) of this Bond is payable in lawful money of the United States of America upon surrender at the office of the Treasurer of the State of California (the "Treasurer") in Sacramento, California. Interest on this Bond is payable in like lawful money by check or draft mailed to the person whose name appears on the Bond registration books of the Treasurer as the owner as of the Record Date at the owner's address as it appears on the registration books or at such address as the owner may have filed with the Treasurer for that purpose. "Record Date" means the close of business on the fifteenth day of the month immediately preceding an interest payment date, whether or not the day is a business day.

Payment of the principal or redemption price of, and interest on, this Bond is secured by a first and direct charge and lien upon the Revenues (as defined in the Resolution) and all moneys and securities held, and accounts established, under the Resolution (except amounts in any rebate account established under the Resolution), subject only to the provisions of the Resolution permitting the payment or use thereof for the purposes, in the manner, and upon the terms and conditions set forth in the Resolution. NEITHER THE PAYMENT OF THE PRINCIPAL OR REDEMPTION PRICE NOR ANY PART THEREOF OF THIS BOND NOR ANY INTEREST THEREON CONSTITUTES A DEBT, LIABILITY, OR OBLIGATION OF THE STATE OF CALIFORNIA, OR, EXCEPT AS EXPRESSLY PROVIDED HEREIN AND IN THE RESOLUTION, OF THE DEPARTMENT.

This Bond is one of the duly authorized issue of the Department's "Delta Program Revenue Bonds" (the "Bonds"). The Bonds are issued and to be issued pursuant to the statute known as the Central Valley Project Act, which is Part 3 of Division 6 of the Water Code of the State of California (the "Central Valley Project Act"), and pursuant to a resolution of the Department adopted as of August 6, 2020, and titled "Delta Program Revenue Bond General Bond Resolution" (as amended, the "Resolution"). As provided in the Resolution, the Bonds may be issued from time to time in one or more series in various principal amounts, may mature at different times, may bear interest at different rates payable on different dates, and may otherwise vary as provided in the Resolution. All Bonds issued and to be issued under the Resolution are and will be equally secured by the pledge of the Revenues and certain other moneys hereinafter mentioned.

This Bond is one of a series of Bonds designated as "Delta Program Revenue Bonds, Series B" (the "Bonds of Series B"), issued under the Resolution and a supplemental resolution of the Department adopted as of August 6, 2020 and titled "Second Supplemental Resolution Providing for the Issuance of Delta Program Revenue Bonds, Series B" (the "Second Supplemental Resolution"). The Bonds of Series B are issued in an aggregate principal amount not to exceed \$_____.

Copies of the Resolution and the Second Supplemental Resolution are on file at the office of the Department in Sacramento, California, and at the office of the Treasurer in Sacramento, California. The terms of the Resolution and the Second Supplemental Resolution are hereby incorporated herein and constitute a contract between the Department and the registered owner from time to time of this Bond, and to all the provisions thereof the registered owner hereof, by acceptance of this Bond, hereby consents and agrees.

The Bonds of Series B maturing on or after December 1, 20__ are subject to redemption prior to their respective stated maturities, at the option of the Department from any source of available funds, as a whole, or in part by such maturities as the Department may designate (and by lot within any maturity), on any date on or after June 1, 20__, upon payment of a redemption price equal to the principal amount of the Bonds of Series B to be redeemed, plus accrued interest to the date fixed for redemption, without premium.

This Bond is transferable, as provided in the Resolution, only on the registration books of the Treasurer kept for that purpose in Sacramento, California, at the Office of the Treasurer, upon surrender of this Bond at the Office of the Treasurer, together with an instrument of

transfer satisfactory to the Treasurer. Upon surrender, the Department shall execute, and the Treasurer shall authenticate, in the name of the transferee, a new registered Bond or Bonds of the same series, maturity, and aggregate principal amount as this Bond and such new Bond or Bonds shall be delivered by the Treasurer at the Treasurer's office in Sacramento, California. The Department, the Treasurer and any other person may treat the person in whose name this Bond is registered as the absolute owner of this Bond for the purpose of receiving payment of, or on account of, the principal or redemption price hereof and interest due hereon and for all other purposes. The Treasurer shall not be required to register the transfer of this Bond during the five days next preceding any date established by the Treasurer for the selection of Bonds for redemption, during the period after the selection of this Bond for redemption or during the period from the fifteenth day of the month next preceding any interest payment date to such interest payment date.

The Bonds of Series B are issuable only in the form of fully registered Bonds in the denominations of \$5,000 and integral multiples of \$5,000. This Bond may be exchanged for registered Bonds of other authorized denominations, of the same series, maturity and aggregate principal amount upon the surrender thereof for such purpose by the registered owner at the office of the Treasurer in Sacramento, California.

The rights and obligations of the Department and of the registered owners of the Bonds may be changed at any time in the manner, to the extent, and upon the terms and conditions provided in the Resolution, *provided, however*, that (1) no change shall be made in the principal amount or the redemption price of any Bond, or the rate of interest thereon, or the maturity of the principal thereof or of any installment of interest thereon, without the consent of all the registered owners of Bonds; and (2) no change shall be made in the percentages of the principal amount of Bonds the vote or consent of which is required by the Resolution to effect any change, without the consent of all the registered owners of Bonds, all as more fully set forth in the Resolution.

This Bond shall not be entitled to any right or benefit under the Resolution or the Second Supplemental Resolution or be valid or become effective for any purpose until the Treasurer's Certificate of Authentication is executed and dated by the Treasurer or a deputy of the Treasurer.

It is hereby certified that all conditions, things and acts required to exist, to have happened or to have been performed precedent to and in the issuance of this Bond do exist, have happened or have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other indebtedness of the Department, does not exceed any limit prescribed by law.

IN WITNESS WHEREOF, the State of California Department of Water Resources has caused this Bond to be executed in its name and on its behalf with the facsimile signature of the Director of Water Resources of the State of California and the facsimile countersignature of the Governor of the State of California, and the seal of the Department to be reproduced hereon, all as of the Issue Date specified above.

COUNTERSIGNED:

Governor of the State of California

(FORM OF TREASURER'S CERTIFICATE OF AUTHENTICATION)

This Bond is one of the Delta Program Revenue Bonds described in the within-mentioned Resolution which has been registered on _____, ____.

TREASURER OF THE STATE OF CALIFORNIA

By _____
Deputy State Treasurer
For California State Treasurer Fiona Ma

ASSIGNMENT

For value received the undersigned hereby sells, assigns and transfers unto _____ the within bond and all rights thereunder, and hereby irrevocably constitutes and appoints _____, attorney, to transfer the within bond on the books kept for registration thereof, with full power of substitution in the premises.

Dated: _____

NOTE: The signature to this Assignment must correspond with the name as written upon the face of the bond in every particular, without alteration or enlargement or any change whatsoever.

Signature Guaranteed:

NOTICE: The signature must be guaranteed by an eligible guarantor institution.

SECTION 1803. Regulations With Respect to Transfer. The Treasurer shall not be required to register the transfer of any Bond of Series B during the five days next preceding any date established by the Treasurer for the selection of Bonds of Series B for redemption, during the period after the selection of such Bond for redemption or during the period from the fifteenth day of the month preceding any interest payment date to such interest payment date. Bonds of Series B may be issued only in registered form and registered Bonds of Series B may not be exchanged for coupon Bonds.

SECTION 1804. Paying Agent; Place of Payment. The Treasurer is hereby appointed as a Paying Agent for the Bonds of Series B to pay the principal or Redemption Price of such Bonds presented for payment at the office of the Treasurer in Sacramento, California. Subject to Section 1410, payments of the principal or Redemption Price of, and interest on, the Bonds of Series B shall be made at the Office of the Treasurer in Sacramento, California.

SECTION 1805. Book-Entry Bonds.

(A) As provided in Section 313(A) and except as provided in subparagraph (C) of this Section, the registered owner of all of the Bonds of Series B shall be Cede & Co., as nominee for The Depository Trust Company (“DTC”). Payment of the interest on any Bond of Series B registered in the name of Cede & Co. shall be made on each Interest Payment Date for such Bonds to the account, in the manner and at the address indicated in or pursuant to the blanket letter of representations delivered to DTC by the Department and the Treasurer (the “Representation Letter”). Payment of principal or interest for any Bond of Series B registered in the name of Cede & Co. shall be made pursuant to the Representation Letter by wire transfer of New York clearing house or equivalent next day funds or by wire transfer of same day funds to the account of Cede & Co. at the address indicated on the regular record date or special record date for Cede & Co. in the registration books of the Treasurer.

(B) The Treasurer and the Department shall treat DTC (or its nominee) as the sole and exclusive owner of the Bonds of Series B registered in its name for the purposes of payment of the principal or Redemption Price of or interest on the Bonds of Series B, selecting the Bonds of Series B or portions thereof to be redeemed, giving any notice permitted or required to be given to Bondholders under the Resolution or this Second Supplemental Resolution, registering the transfer of Bonds of Series B, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever, and neither the Treasurer, nor the Department shall be affected by any notice to the contrary. Neither the Treasurer nor the Department shall have any responsibility or obligation to any Participant (which shall mean, for purposes of this Section,

securities brokers and dealers, banks, trust companies, clearing corporations and other entities, some of whom directly or indirectly own DTC), any person claiming a beneficial ownership interest in the Bonds of Series B under or through DTC or any Participant, or any other person which is not shown on the registration books as being a Bondholder, with respect to the accuracy of any records maintained by DTC or any Participant; the payment of DTC or any Participant of any amount in respect of the principal of, Redemption Price of or interest on the Bonds of Series B; any notice which is permitted or required to be given to Bondholders under the Resolution; the selection by DTC or any Participant of any person to receive payment in the event of a partial redemption of the Bonds of Series B; any consent given or other action taken by DTC as Bondholder; or any other purpose. Upon delivery by DTC to the Treasurer of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions herein with respect to record date, the word "Cede & Co." in this Second Supplemental Resolution shall refer to such new nominee of DTC.

The Representation Letter shall not in any way limit the provisions of this subsection (B) or in any other way impose upon the Department, the Treasurer or any Paying Agent any obligation whatsoever with respect to persons having interests in the Bonds of Series B other than the Bondholders, as shown on the registration books kept by the Treasurer.

(C) Notwithstanding any contrary provision herein, the Bonds of Series B may be issued in registered form, with the physical delivery of Bond certificates to the initial purchaser thereof, and without participation in the book-entry system of any securities depository. The registration of such Bonds may be transferred to DTC (or its nominee) in accordance with the provisions of the Resolution at any time. With respect to Bonds of Series B registered in the name of Cede. & Co, if the Department and the Treasurer determine that it is in the best interest of the beneficial owners of the Bonds of Series B that they be able to obtain Bond certificates, and notify DTC of such determination, DTC will notify the Participants of the availability through DTC of such Bond certificates. In such event, the Treasurer shall authenticate, transfer and exchange certificates for the Bonds of Series B as requested by DTC and any other registered Bondholders in appropriate amounts as provided in Article III. DTC may determine to discontinue providing its services with respect to the Bonds of Series B at any time by giving notice to the Department and the Treasurer and discharging its responsibilities with respect thereto under applicable law. Under such circumstances (if there is no successor securities depository), the Department and the Treasurer shall deliver certificates for the Bonds of Series B as described in the Resolution. In the event such Bond certificates are issued, the provisions of the Resolution and this Second Supplemental Resolution shall apply to, among other things, the transfer and exchange of such certificates and the method of payment of principal of and interest on such certificates.

(D) In connection with any notice or other communication to be provided to Holders of Bonds of Series B pursuant to the Resolution and this Second Supplemental Resolution by the Department or the Treasurer with respect to any consent or other action to be taken by Bondholders, the Department or the Treasurer, as the case may be, shall establish a record date for such consent or other action and give DTC notice of such record date pursuant to the Representation Letter not less than 15 calendar days in advance of such record date to the extent possible. Notice to DTC shall be given only when DTC is the sole Holder of Bonds of Series B.

ARTICLE XIX

DISPOSITION OF PROCEEDS OF BONDS OF SERIES B AND OTHER MONEYS

SECTION 1901. Disposition of Proceeds and Other Moneys; Transfer of Funds. Immediately upon receipt thereof, the proceeds of the sale of the Bonds of Series B shall be applied, deposited and set aside as follows pursuant to a Certificate of the Department delivered prior to the issuance of the Bonds of Series B and specifying the applicable amounts:

(A) The amount of the Reserve Account Requirement allocable to the Bonds of Series B upon the issuance of the Bonds of Series B shall be deposited in the Reserve Account;

(B) An amount equal to the amount of interest accruing on the Bonds of Series B for the three year period commencing on the date of issuance of the Bonds of Series B shall be deposited, set aside and held in trust in the Construction Fund and shall be used solely for the payment of such interest, *provided, however*, that if any moneys so set aside for such purpose remain after the payment of such interest, such moneys shall be used to pay Delta Program Capital Costs, as directed by the Department.

(C) The balance of the proceeds of the sale of the Bonds of Series B shall be deposited in the Construction Fund and allocated to a Series B Account for the payment or reimbursement, as directed by the Department, of Delta Program Capital Costs, including but not limited to an amount reserved to pay the expenses of the Department incurred in connection with the issuance and sale of the Bonds of Series B.

ARTICLE XX

MISCELLANEOUS

SECTION 2001. Designation and Delegation. The Chief, Division of Fiscal Services of the Department, the Chief, Enterprise Accounting Branch of the Department, and any Deputy Director are each hereby designated by the Director as a person who may sign any Certificate of the Department, within the meaning of that term in Section 101, related to the sale, issuance and delivery of the Bonds of Series B. In addition, pursuant to Sections 7 and 120 of the Water Code, the Chief, Division of Fiscal Services of the Department, the Chief, Enterprise Accounting Branch of the Department, and any Deputy Director are each hereby delegated the authority to execute and deliver any and all certificates, agreements and other instruments that are necessary or appropriate in connection with the sale, issuance and delivery of the Bonds of Series B. Notwithstanding the foregoing, one or more of the Chief, Division of Fiscal Services of the Department, the Chief, Enterprise Accounting Branch of the Department and the Deputy Comptroller of the Department, may sign any Certificate of the Department delivered in connection with a claim by the Department on the Series B Account as required by Section 503 of the Resolution with respect to the application of proceeds of the Series B Bonds to the payment of Delta Program Capital Costs as set forth in Section 1501(D), such a Certificate of the Department may be incorporated into the related claim.

SECTION 2002. Execution in Counterpart. This Second Supplemental Resolution may be executed in any number of counterparts, each of which shall for all purposes be deemed to be an original and all of which shall together constitute but one and the same instrument.

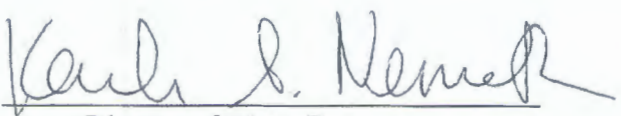

This Second Supplemental Resolution is hereby adopted in the State of California by the State of California Department of Water Resources as of August 6, 2020.
